MEDICAL LAWS OF NEW BRUNSWICK

MATRICULATION EXAMINATION.

"9. Hereinafter no person shall begin to enter upon the study of Physic, Surgery, or Midwifery, for the purpose of qualifying himself to practice the same in this Province, unless he shall have obtained from the Council of Physicians and Surgeons a certificate that he has satisfactorily passed a matriculation or preliminary examination in the subjects specified in Schedule B to this act, or unless he has passed a matriculation examination for an undergraduate course in arts and science at some college in Great Britain, Ireland, Canada, the United States of America, or the continent of Europe. Provided, That the Council shall have power to make such alterations in the said Schedule B as may from time to time be deemed requisite."

"10. No candidate shall be admitted to such matriculation or preliminary examination unless he shall have, at least fourteen days previous to such examination, given notice to the registrar of the Council of his intention to present himself for such examination, and transmitted to the registrar a certificate showing that he has completed his sixteenth year, and shall before the examination have paid a fee of $5 to the registrar."

PROFESSIONAL COURSE.

Four years of study are required, including a graded collegiate course of four sessions of not less than six months each, at some recognized college or university, as per Sec. 2, amendment to the Medical Act, passed March 5, 1895.

"2. No person shall be entitled to have his name entered on the register of the Council, or to receive a license to practice from such council, unless he shall satisfy the Council that he has passed the matriculation or preliminary examination; that, after passing such examination, he has followed his studies during a period of not less than four years; that during such four years he has attended at some university, college or incorporated school of medicine in good standing, a graded collegiate course of four sessions of not less than six months each; such course to include satisfactory and sufficient lectures and instruction in Anatomy, Practical Anatomy, Chemistry, Practical Chemistry, Physiology, Histology, Materia Medica, Pharmacy, Therapeutics, Surgery, Medicine, Obstetrics, Diseases of Women and Children, Medical Jurisprudence, Hygiene and Pathology, including Bacteriology, together with evidence of attendance for a period of not less than twelve months upon the general practice of a hospital containing not less than fifty beds, under the charge of not less than two physicians or surgeons; that previous to graduation or obtaining a diploma he has passed satisfactory examinations in the subjects of the above curriculum, and that the examinations have been conducted, and the diploma granted, by a medical school, college, university or licensing body, which itself requires a four years' graded course as above appointed; or for want of such degree or diploma, that he has satisfactorily passed an examination in the various branches hereinbefore specified before examiners to be appointed by the Council; and in case he has such degree or diploma that he has passed such examination as to his knowledge and skill for the efficient practice of his profession as may be prescribed by the Council; that he is not less than twenty-one years of age; that he has paid to the registrar of the Council a fee of ten dollars; Provided, That the Council shall have power, subject to the approval of the Governor in Council, to make such alterations in the foregoing curriculum and requirement for registration as may from time to time be deemed requisite; and Provided, also, That in the event of any person applying for registration as a practitioner of any system of medicine, the registered practitioners of the system shall have the right to appoint an examiner or examiners on the subjects peculiar to that system, namely: Materia Medica, Pharmacy and Therapeutics, and if they should neglect so to do, the Council shall have the power to appoint such examiner or examiners."

At the regular meeting of the Council, held July 20, 1897, it was resolved: "That in future all candidates for registration in the Province of New Brunswick be subjected to a professional examination irrespective of any diploma which they may possess."

The attention of physicians and students is particularly called to the fact that a year of study, with a legally qualified practitioner, which has been allowed to count as one of the four years required, is now eliminated from the course, and four sessions at college must be taken in every instance.

PROFESSIONAL EXAMINATIONS.

The professional examinations will be held in St. Johns once each year, commencing on the fourth Wednesday in June.

MEDICAL LAWS OF NOVA SCOTIA.

CHAPTER 1. THE PRELIMINARY EXAMINATION.

1. No person shall begin or enter upon the study of medicine, for the purpose of qualifying himself to practice the same in the Province of Nova Scotia, unless he first produces to the registrar a certificate from the examiners appointed by the Provincial Medical Board to show that he has passed the preliminary examination in the subjects prescribed by the Rules and Regulations of the Board, or evidence of having passed such equivalent examination as is accepted by the Board, and unless he causes his name to be forthwith entered in the medical students' register as hereinafter specified. (Sec. 15.)

2. No candidate shall be admitted to the preliminary examination unless at least fourteen days previous to such examination he has given notice to the registrar of the Board of his intention to present himself for such examination, and unless he has produced to the registrar satisfactory evidence that he has completed his sixteenth year, and has paid a fee of ten dollars ($10.00) to the rigistrar.*

3. The preliminary examination† will embrace the following subjects, viz..
trar Provincial Medical Board.

*This fee shall not be returned in case of failure.
†For copies of previous examination papers ($1.00 one entire set) apply to Registrar.

BACKWARD CHILDREN Our institution provides a Christian home with expert instruction for constitutionally defective children and adults, backwardness and awkwardness of speech, speech hesitation, lisping, burring, cleft palate, lalling, nasal twang, tied tongue, paralysis of the vocal chords, substitution of sounds, defective articulation, coupled with backwardness of intellect; and all other forms of imperfect utterance of speech and articulation. 32 page ILLUSTRATED BOOK FREE.
THE LEWIS INSTITUTE, 35-41 Adelaide St., DETROIT, MICH., U. S. A.

(1) ENGLISH. (a) Language: Grammar, Analysis, Parsing. (b) Rhetoric and Composition, including an essay on one of several set subjects from prescribed authors. (c) Literature: History of English Literature; critical study of prescribed authors.

(2) ARITHMETIC. Complete.

(3) ALGEBRA. Simple Rules; Rules for the treatment of Indices; Surds; Extraction of Square and Cube Roots; Equations of the First Degree; Quadratic Equations.

(4) GEOMETRY. Euclid, Books I., II., III., with easy deductions.

(5) HISTORY AND GEOGRAPHY. British and Canadian History, with questions in General Geography.

(6) LATIN. (a) Translation from prescribed books, with questions arising out of those books, and translation of easy passages not taken from those books. (b) Grammar: As in Bennett's Latin Grammar, or Allen and Greenough's. (c) Composition: As in Collar and Daniell's First Latin Book, with the first eighteen exercises of Bradley's Arnold's Latin Prose Composition.

(7) One of the following: GREEK. (a) Translation from prescribed books, with questions arising out of those books, and translation of easy passages, not taken from such books. (b) Grammar: As in Elementary Grammars. (c) Composition: As in White's First Greek Book, with the first fifteen exercises of Fletcher and Nicholson's Greek Prose Composition. FRENCH. Translation from prescribed books, with Grammar Questions limited to the Accidence, and based upon the passages prescribed for translation. GERMAN. Translation and Grammar, as under French.

4. Examinations take place twice a year, beginning on the first Thursday in May and the last Thursday in August.

On the same dates local examinations will be held, on application, at Sydney, at Pictou, and at Yarmouth. Candidates taking local examinations are required to pay an additional fee of $2.00.

5. Except where otherwise specified, the books prescribed by the Council of Public Instruction for the course leading to the grade B, or high school junior leaving examinations are recommended.

6. In order to pass, a candidate must make fifty per cent of marks in each subject.

7. If 50 per cent is made in all subjects but one, and if in that subject the candidate shall have made at least 25 per cent, he may begin study, and attend for one medical year at any medical college recognized by the Board, and thereafter present himself for examination in that subject alone, on payment of a fee of $2.00. Candidates taking local examinations will be required to pay the usual additional $2.00 fee for such examination.

8. A candidate failing in more than one subject, or failing to make 25 per cent in any subject, may not begin professional study, but will be required to appear again for examination in all subjects. The fee for examination in such cases will be $5.00 (or $7.00 if a local examination be taken).

9. Certificates will be issued to successful candidates, showing the subjects in which they have passed, and the extent to which their knowledge of these subjects was tested.

10. Candidates who have passed the above examination will be admitted without further preliminary examination at all Canadian and American colleges.

11. This examination also satisfies the requirements of the General Medical Council of Great Britain as to the preliminary examination which must be passed by persons wishing to register as medical students, provided the candidate shall have passed in all subjects at one examination.

EXEMPTIONS.

12. Graduates in Arts or Science of any recognized college or university are not required to submit to this examination, provided candidate shows that he has passed a satisfactory examination in Latin; and in Greek, or French, or German.

13. The Medical Board will also recognize pro tanto the following examinations:

(1) The Matriculation or the Sessional Examinations of any chartered University or College approved by the Board.

(2) The Entrance Examination of the Nova Scotia Barristers' Society.

(3) The Examinations for Teachers' Licenses, Grade A or B, of Nova Scotia.

(4) The Examinations for Junior or Senior High School Leaving Certificates of Nova Scotia.

(5) The Examinations for Honor, First or Second Class Ordinary Diplomas, as issued by the Prince of Wales College, P. E. I.

(6) The Examinations for First or Second Class Teachers' Licenses of Prince Edward Island.

(7) The Examinations for First Class, or from Grammar School License of New Brunswick.

(8) The Examinations for corresponding Licenses or Leaving Examination Certificates issued by the Education Department of the other Provinces of Canada.

(9) The Matriculation or Preliminary Examinations of any Medical Licensing Board or Council authorized by Law in His Majesty's Dominion, with 50 per cent in each subject.

[Note.—In accepting certificates under the above sub-sections, 3-8 (inclusive), 50 per cent will be required in all subjects of examination for grade "A," C. P. I., N. S., and in all other certificates of the same standing issued by the Education Department of any of the other Provinces of Canada. In all other certificates, 60 per cent will be demanded in each subject.]

14. After passing his preliminary examination, the medical student may then enter upon his professional course at any university, medical school or college approved by the Board.

REGISTRATION OF STUDENTS.

15. Immediately after entering upon his course every medical student in Nova Scotia, and every person otherwise engaged in the study of medicine for the purpose of qualifying himself to practice in this Province, shall forthwith cause to be entered in the register of the Board kept by the registrar, and called the medical students' register, his name, age, place of residence, date and particulars of his preliminary examination, and place and date of his commencement of the study of medicine, and shall receive from the registrar a certificate of such registration.

16. The fee for such registration is ten dollars ($10.00), except that candidates who already have paid $10.00 for the matriculation examination are not required to pay any additional fee. Students registered in other provinces will also be registered in Nova Scotia without additional fee, provided they have staisfied the preliminary examination requirements of this Board.

CHAPTER II. THE MEDICAL CURRICULUM.

1. Every student must spend a period of at least for academic years in actual professional study subsequent to his having passed the preliminary or marticulation examination and being registered as a medical student; and the prescribed period of study shall include four collegiate sessions of at least eight months duration, or an equivalent, each year.

2. Every student must attend the courses of lectures and instruction, prescribed in section 19 of the act in a university, college or school of medicine approved by this Board, "such course to include satisfactory and sufficient lectures and instruction in anatomy, practical anatomy, physics, chemistry, practical chemistry, physiology, histology, materia medica, pharmacy, therapeutics, surgery, clinical surgery, medicine, clinical medicine, obstetrics, practical obstetrics, diseases of women and children, medical jurisprudence, hygiene, pathology (including bacteriology and post mortem examinations)," together with attendance "for a period of not less than eighteen months upon the general practice of a hospital containing not less than one hundred beds under the charge of not less than four recognized medical practitioners, of whom one at least must be a surgeon; or for not less than twelve months on such hospital practice and attendance for six months additional on the practice of a recognized dispensary, or of the outpatient department of a general hospital.

CHAPTER III. PROFESSIONAL EXAMINATIONS.

1. Candidates for the license of this Board will be required, subsequent to their registration as medical students, to pass three examinations, to be known as the first, second, and third professional examinations.

2. These examinations will be held twice during the year. The third or final professional will begin on the second Wednesday in April, and on the first Wednesday in September, respectively. The dates for the first and second professional examinations will be by special arrangement made at the time.

3. Candidates qualified by having attended the necessary courses of study may enter for two or more examinations to be passed successively at the same period, the conditions being that failure to pass any of the subjects of the prior examination precludes the candidate from admission to the succeeding examination. The necessary schedule and certificates must be lodged, and the fees for these respective examinations paid, at the period of entering for the earliest of them. In the event of failure, the fee paid for any subsequent examination, from which the candidate has been precluded, will be returned to the candidate.

4. At all examinations the pass mark shall be 50 per cent in each subject, except under the conditions specified in Sec. 20.

5. No candidate shall be admissible to examination who has been rejected in the subjects of the examination by any other licensing board within the three preceding months.

6. Applicants for admission to any of the examinations are required on entering to lodge with the registrar a schedule (forms of which will be supplied), showing the courses they have attended qualifying for admission.

7. No candidate can be held to be entered for any examination till he has sent in the proper schedule, proved his course of study, and paid his proper fee.

8. (1) A candidate may be exempted from examination in any subject of the first or second professional examinations on the production of a certificate proving that he has passed an equivalent examination before any of the other Provincial Licensing Boards, specified in the Medical Act, Sec. 21 (2), such certificate specifying the subjects of examination.

(2) Until further notice, any candidate who produces to the registrar satisfactory certificates of having passed in the subjects of the first and second professional examinations at any medical college or university recognized by the Board, will be exempt from further examination in such subjects.

(3) Any person who produces to the registrar satisfactory evidence to show that, as a student in arts or science connected with any recognized university or college he has attended a satisfactory course in physics, chemistry, or practical chemistry previous to his registration as a medical student, will be exemptedf rom further attendance in such subject, or subjects, and a certificate of having, as such arts or science student, previous to his registration, or as a regular medical student subsequent to such registration, passed an examination in either or all of those subjects equivalent to that required by the Board, will be accepted as exempting from further examination in any or all of said subjects.

9. (1) A candidate admitted to any examination on the footing of having passed in all the subjects of the preceding examination or examinations at another Board shall pay the fees exigible for such preceding examination or examinations in addition to the fee of the examination for which he enters.

Scott's Emulsion contains the best Norwegian non-freezing cod liver oil, C. P. glycerine, and hypophosphites of lime and soda; the strongest combination in the world for fighting wasting diseases.

(2) The fee for persons admitted to the third professional examination under Sec. 8, (2), will be thirty-five dollars ($35.00), which will entitle the successful candidate to the benefits of Chap. III., Sec. 23, equally and to the same extent as is provided in said section for candidates who have taken all examinations and paid the usual fees.

FIRST PROFESSIONAL EVXAMINATION.

10. This examination may be taken at any period after the end of the second year of study, and will embrace the following subjects to the extent indicated hereafter, viz.. Physics, Chemistry, Anatomy, Physiology including Histology.

11. Applications for examinations with evidence of attendance in each of the subjects, etc. (according to furnished schedule), must be deposited with the registrar fourteen days before the date of the examination, along with the examination fee.

12. The fee payable for admission to this examination shall be $15.00; for re-entry in all subjects after rejection, $15.00; for re-entry in one or more subjects after obtaining a pass in the others in virtue of Sec. 20, $5.00 for each subject.

SECOND PROFESSIONAL EXAMINATION.

13. This examination may be taken at any period after the end of the third year of study, and will include Pathology and Bacteriology, Materia Medica and Pharmacy, to the extent indicated hereafter.

14. Applications for examination, with evidence of attendance on the required courses, etc. (according to schedule furnished), must be deposited with the registrar fourteen days before the date of the examination, along with the examination fee.

15. The fee payable for admission to this examination shall be $10.00; for re-entry for both subjects after rejection, $10.00; for re-entry in one subject after pass in the other, in virtue of Sec. 20, $5.00.

THIRD PROFESSIONAL EXAMINATION.

16. This examination shall not be passed earlier than the end of the fourth year of study, and shall embrace the following subjects:

(1) Medicine, including Therapeutics and Medical Anatomy.
(2) Clinical Medicine.
(3) Surgery, including Surgical Anatomy and Diseases and Injuries of the Eye, Ear, Throat.
(4) Clinical Surgery.
(5) Obstetrics and Diseases of Women and of New-born Children.
(6) Medical Jurisprudence and Hygiene, to the extent indicated hereafter.*

17. The schedule for the final examination shall contain a summary of the entire course of study. It shall be accompanied by certificates to cover all requirements of the course prescribed under the Medical Act in the Board's Regulations, and, together with the fee, must be deposited with the registrar not later than fourteen days before the date of the examination. At the same time, certificates must be produced to show that the candidate is not less than twenty-one years of age, and is of good moral character.

18. No candidate can claim exemption from any subject of the final examination except as provided for by Sec. 20 of this chapter.

19. All candidates shall be subjected, in addition to the written and oral examinations, to practical clinical examinations in medicine and surgery, which shall include the examination of patients, physical diagnosis, the use of the microscope, pathology of the urine, surgical appliances, bandages, surface markings, etc.

20. In case of failure, a candidate who obtains 60 per cent in any subject or subjects, will, on re-examination, be exempted in such subject or subjects, but will be required to obtain 60 per cent in each of the remaining subjects.

21. For candidates who have paid for the first and second professional examinations, the fee payable for admission to the final examination shall be $25.00; for re-entry in all subjects after re-jection, $20.00; for re-entry in one or more subjects after passing in the others, in virtue of Sec. 20, $5.00 for eoch subject.

THE LICENSE, AND MEDICAL REGISTRATION.

22. Before being admitted as a licentiate of the Board, each candidate for the license, after passing the final examination, will be required to subscribe to a declaration binding and obliging himself to conform to its requirements and to the regulations of the Board under pain of forfeiture of his license.

23. A candidate having passed all examinations and signed the prescribed declaration, will be entitled without further fee to receive a diploma or certificate of qualification, certifying his admission as a licentiate of the Provncial Medical Board of Nova Scotia, and will be further entitled without additional fee to have his name and qualifications entered in the Medical Register.

[Note. While the third professional is the only examination required of persons who, having satisfied the requirements of Chap. III., Sec. 8, are desirous of securing the license of the Provincial Medical Board with right of registration for the practice of medicine in Nova Scotia, candidates who wish to secure a certificate which will be accepted and entitle them to registration without further examination in another province, may do so by producing evidence in the first place of having satisfied in other respects the requirements of the Council of such province, and by passing an additional examination in such of the subjects of the first and second professionals as may be required by such Council.

The fee for single subjects will be $5.00. To complete the first and second professional, the fee will be $15.00.]

MEDICAL LAW.

SYNOPSIS OF REQUIREMENTS.

The College of Physicians and Surgeons of Ontario is the name adopted by the medical profession of the Province of Ontario in its corporate capacity. The Council of the College of Physicians and Surgeons of Ontario is empowered and directed to enact by-laws for the regulation of all matters connected with medical education, and to fix the terms upon which practitioners of medicine duly qualified in other countries may be admitted as members of the College of Physicians and Surgeons of Ontario, this being the only mode in which they can become legally entitled to practice their profession in the province.

MATRICULATION.

Everyone desirous of being registered as a matriculated student in the register of this college shall be required to pay a fee of twenty dollars and to conform to the following regulations:

1. Any person who presents to the Registrar of the Medical Council a certificate that he has passed the examination conducted by the Education Department on the course prescribed for matriculation in Arts, including chemistry and physics, and approved by the Lieutenant-Governor in Council, shall be entitled, on payment of the lawful fees in that behalf, to registration as a medical student within the meaning of section 19 of the Ontario Medical Act.

2. A certificate from the Registrar of any chartered university conducting a full Arts course in Canada, that the holder thereof has passed the senior matriculation of such university or the examination conducted at the end of the first year in Arts by such university, shall entitle such holder to registration as a matriculate.

3. Graduates in Arts, in any university in His Majesty's dominions, are not required to pass this examination, but may register their names with the Registrar of the College upon giving satisfactory evidence of their identity, the presentation of a certificate of qualifications, and the payment of the fee of twenty dollars.

4. Every medical student, after matriculation shall be registered in the manner prescribed by the Council, and this shall be held to be preliminary to his medical studies, which will not be considered to begin until after the date of such registration.

MEDICAL CURRICULUM.

Every student must spend a period of five years in actual professional studies, except as hereinafter provided; and the prescribed period of studies shall include four winter sessions of eight months each. The fifth, or final year, shall be devoted to clinical work, six months of which may be spent with a registered practitioner in Ontario, or with an approved practitioner outside of Ontario, and six months must be spent at one or more public hospitals, dispensaries or laboratories devoted to physiolgical or pathological research, Canadian, British or foreign, approved by the Council, and must attend at least one hundred clinical lectures or demonstrations, as follows: Twenty-five on medical cases, twenty-five on surgical cases, twenty-five on obstetrical and gynæcological cases, and twenty-five on pathology, certificates for which must be presented to the Registrar of the Council, signed by teachers of schools or colleges recognized by the Council, together with a certificate of six months' hospital attendance during the fifth year. A certificate of having been house surgeon in a recognized hospital for one year will be accepted in lieu of these clinical lectures and hospital attendance.

Graduates in Arts or science of any college or university recognized by the Council who shall have spent two years in the courses of physics, chemistry, biology and physiology, and shall have passed examinations in their university course in the said subjects while taking their degree, will be required to spend four years in the study of medicine, and on condition that prior to the third year they shall have passed the Primary examination, they shall be permitted to take both the Intermediate and Final examinations on completion of the fourth year, but shall have no remission in the number of clinical lectures.

Homœopathic students who attend four sessions in a college approved of by the Homœopathic representatives in the Council, where the sessions are more than six months, shall be held to have fulfilled the requirements of this college in that regard.

Graduates in medicine from recognized colleges outside the Dominion of Canada, who desire to qualify themselves for registration, must pass the matriculation required by the Council, and must attend one or more full winter courses of lectures in one of the Ontario medical schools (a) and must complete fully the practical and clinical curriculum required by the Council after the fourth year, and shall pass before the examiners appointed by the Council all the examinations hereinafter prescribed, so as to complete fully the curriculum.

British registered medical practitioners, on paying all fees and passing the Intermediate and Final examinations, shall be registered; provided, that they have been in active practice for five years after having been registered therein as practitioners: British registered medical practitioners who have not been in practice for five years will be registered on passing the professional examinations and paying all necessary fees.

Until a Homœopathic medical college for teaching purposes is established in Ontario, candidates wishing to be registered as Homœopathists shall pass the matriculation examination established by this Act as the preliminary examination for all students in medicine, and shall present evidence of having spent the full period of study required by the curriculum of the Council, under the supervision of a duly registered homœopathic practitioner.

Such candidates must also have complied with the full curriculum of studies prescribed from time to time by the Council for all medical students, but the full time of attendance upon lectures and hospitals required by the curriculum of the Council, may be spent in such homœopathic medical colleges in the United States or Europe as may be recognized by a majority of the homœopathic members of the Council; but in all homœopathic colleges where the winter course of lectures is only four months' duration, certified tickets of attendance on one such course shall be held to be equivalent to two-thirds of one six months' course, as required by the Council; and when such teaching body has been established in Ontario, it shall be optional for such candidates to pursue in part or in full the required curriculum in Ontario.

Examinations—Professional examinations are divided into three parts, primary, taken after the second session; intermediate and final. Fees: Registration of matriculation, $20; primary examination, $30; intermediate and final, $50; registration of membership, $25; registration of additional degrees, $2; annual assessment, $2.

Charlottesville, Va.

Elementary Mechanics of solids and fluids, comprising the elements of Statics, Dynamics and Hydrostatics. Elementary Chemistry.

Canadian and British History; with questions in Modern Georgraphy.

Translation and grammar in any two of the following subjects: Greek, French, German.

Fifty per cent of the marks in each subject shall be required for a pass, and 75 per cent in all subjects for honors.

If 50 per cent be made in all the subjects but one, the candidate may begin his professional studies, and present himself in that subject alone at the next examination without additional fee.

Candidates failing in more than one subject will be allowed those subjects in which they have passed, but will be required to pay an additional fee of $5.00, on presenting themselves for examination in the remaining subjects, and in the meantime may not begin their professional studies.

No candidate shall be admitted to such matriculation examination, unless he shall have given notice to the registrar at least fourteen days previous to such examination of his intention to present himself, and shall before the examination have paid to the registrar a fee of ten dollars.

The Council will accept fully, or recognize pro ianto, the examinations required by the Medical Councils or Boards of New Brunswick or Nova Scotia, also of any other Province or Territory in Canada which may hereafter reciprocate with this Council in this respect.

Except where otherwise specified, the Council recommends as text books the books prescribed by the Board of Education of this Province, for students preparing for an academic teacher's license.

The matriculation examinations shall take place beginning on the first Thursday in May and September in each year.

The examiners shall be the Chief Superintendent of Education and the Secretary of the School Board of the City of Charlottetown for the time being, or such other person or persons as the Council may from time to time appoint.

The Council shall pay to each examiner for each examination, such fees as it may from time to time decide upon.

II. Professional Studies and Examinations.

The curriculum of professional studies shall embrace the following:

Attendance during four years at a university, college or incorporated school of medicine in good standing, upon a graded collegiate course of four sessions of not less than eight months each, such course to include satisfactory and sufficient lectures and instruction in Anatomy, Practical Anatomy, Chemistry, Practical Chemistry, Physiology, Histology, Materia Medica, Pharmacy, Therapeutics, Surgery, Clinical Surgery, Medicine, Clinical Medicine, Obstetrics, Diseases of Women and Children, Medical Jurisprudence, Hygiene, Pathology (including Bacteriology and Post-Mortem Examinations), also attendance for a period of not less than twenty-four months upon the general practice of a hospital containing not less than one hundred beds.

No candidate shall be admitted to the professional examination unless at least fourteen days before such examination he shall have made a written application to the registrar, in a form prescribed by the Council, and shall have produced before the registrar all required certificates, and before such examination shall have paid to the registrar the required fee for such examination, also the fee for registration, which latter fee shall be refunded in the event of failure to pass the examination. All applications shall be submitted to the Council by the registrar, and shall be subject to its approval.

The examiners shall be the members of the Council, or such other persons as the Council may from time to time appoint.

The examinations shall take place in the months of July and October in each year, at such time and place as the president shall appoint.

In order to pass, candidates must make 50 per cent of the marks in each subject.

If 50 per cent be made in all the subjects but one, he may present himself for examination in this subject alone, with or without additional fee, as the Council shall decide.

The fee for the professional examination shall be $15.00, which fee shall in all cases be paid into the hands of the registrar prior to the examination.

III. No name shall be placed upon the Prince Edward Island register without the order of the Council.

IV. If from any cause the registrar is unable to attend any meeting of the Council, it shall be competent for the Council to appoint a registrar pro tem., who shall have all the powers of the registrar.

V. Each member of the Medical Society shall pay to the registrar an annual fee of not more than $5.00 (the precise fee for the year to be decided upon by resolution of the Council), and which fee shall be payable on the first day of July in each year.

VI. The fee for registration in the Prince Edward Island medical registrar shall be $20.00, which fee shall in all cases be paid to the registrar before such registration is effected.

VII. Any person registered in any Province of Canada which reciprocates with this Province, under the provisions of Section 12 of the Prince Edward Island Medical Act, and who wishes to reside in this Province, shall be required, in order to obtain registration in this Province, to bring from the registrar of the Province he is leaving a certificate showing that he is at the time a legally qualified medical practitioner of such province, and that no charge of a criminal or professional nature is pending against him.

MEDICAL LAW.

SEC. 3—ADMISSION TO PRACTICE.

3976. No person shall practice medicine, surgery or midwifery in the Province, unless he has obtained a license from the Provinicial Medical Board, which is hereby authorized to issue such license, unless he be registered in accordance with this section. 42-43 V., c. 37, s. 6; 45 V., c. 32, s. 3.

3977. Every person who obtains a medical degree or diploma in any university or college mentioned in Article 3972 is entitled to such license, without examination as to his medical knowledge and skill, provided that such diploma has only been given after four years of medical study from the date of admission to study, and according to the requirements of this section, and provided also that the Provincial Medical Board has power to grant the same privilege to holders of degrees or diplomas of medicine and surgery from other British, Colonial or French universities or colleges. 42-43 V., c. 37, s. 7.

3977a. The privileges above conferred upon the holders of degrees or diplomas from British colleges and universities are hereby extended to every person whose name is entered upon the Medical Register, under the Imperial Medical Act, 1886 (49-50 Victoria, Chapter 48), or of any act amending the same. (Added by 52 V., c. 39, s. 1.)

3978 No person shall be admitted as a student of medicine, surgery or midwifery, unless he has obtained a certificate of qualification from the Provincial Medical Board.

No one is entitled to the license of the College, on presentation of a diploma, unless he has been previously admitted to the study of medicine in accordance with the provisions of this section, or unless he has passed an equivalent preliminary examination before a college, school or board authorized by law to require and cause such preliminary examinations to be passed in His Britannic Majesty's other possessions. 42-43 V., c. 37, s. 8.

3979. At a regular meeting of the Board, after the expiration of the present triennial term, the Provincial Medical Board shall appoint, for three years (and similarly every third year), four persons actually engaged in the work of education in the Province of Quebec, to examine candidates for the study of medicine, surgery and midwifery, on the subjects of general education hereinafter mentioned, as belonging to the preliminary qualifications of medical students, viz.:

One examiner speaking the French language and one the English language, for the city of Montreal; and

One examiner speaking the French language and one the English language, for the city of Quebec.

The subjects for the preliminary qualifications to be English and French, Latin, geography, history, arithmetic, algebra, geometry, belles-lettres and one of the following subjects: Greek, natural or moral philosophy.

The candidate must present a certificate of good moral character. 42-43 V., c. 37, s. 9.

3980. Every candidate for a license to practice medicine, surgery and midwifery in this Province, desiring to be registered, and who has not obtained a degree or diploma in medicine, surgery and midwifery from any of the institutions mentioned in Article 3972, shall, before being entitled to such license, and the registration, pass an examination before the Board, as to his knowledge and skill, for the efficient practice of medicine, surgery and midwifery; and, upon passing the examination required, and proving to the satisfaction of the examiners that he has, in an institution for the teaching of medicine, in His Majesty's possessions, complied with the rules and regulations made by the Provincial Board, and on payment of such fees as the Board may, by general by-law, establish, such person shall be entitled to such license. 42-43 V. c. 37, s. 10.

3981. All persons coming from any recognized college outside of His Majesty's possessions, and who are desirous of obtaining a license from the College of Physicians and Surgeons of the Province of Quebec, must previously pass the preliminary examination before the examiners appointed by the Provincial Medical Board, or establish, to the satisfaction of the Board, that they have already passed an equivalent examination.

They must, moreover, follow in one of the schools of medicine in this Province, a complete course (for six months) of lectures, and such other course or courses as shall be necessary to complete the curriculum required by the Board; they shall also pass the professional examination before the Provincial Medical Board.

Such persons may pass their professional examination immediately after their preliminary examination. 42-43 V., c. 37, s. 11.

MEDICAL LAW.

SYNOPSIS OF REQUIREMENTS.

The Newfoundland Medical Board shall consist of seven members, of whom four shall be resident medical practitioners in St. Johns. Four members shall be a quorum for all purposes.

Every person shall be entitled to have his name registered on the Newfoundland Medical Register upon satisfying the Board that he holds a medical degree or diploma from some regular university or school of medicine, having a four years' course of study, and that he has, prior to obtaining such degree, passed a preliminary or matriculation examination satisfactory to the Board, and upon paying to the Registrar the fee prescribed by the Board.

The Board may, after examination, grant to any person, not otherwise qualified or entitled to registration under this Act, a license to practice medicine, surgery or midwifery for a limited period in specified localities. The names of such licensees, together with the period for and the locality in which they may practice, shall be entered in the register and published as hereinbefore provided in the case of registered medical practitioners. Such licensee shall pay the fee prescribed by the Board, and shall thereupon be entitled to demand and recover in any court reasonable charges for aid and advice, together with the cost of any medicine or other medical or surgical appliances supplied by him during the period and within the limits of his license.

SYNOPSIS OF JAMAICA MEDICAL LAW.

The Medical Council of Jamaica was established by Law 47 of 1872, and consists of five registered medical practitioners, appointed for three years by the governor and eligible for reappointment. The appointment of a President and the election of a Secretary are placed by the law in the hands of the Council. The business of the Council includes:

(a) The framing of rules, etc., which have the effect of law after having been approved by the governor in privy council.

(b) The consideration of the diploma, license, or certificate of any person claiming to be registered as a medical practitioner in this island.

(c) The removal from the register of any registered practitioner convicted of felony or misdemeanor, or who might be guilty of infamous conduct in any professional respect.

Law 28, of 1885, requires the registration of any person who holds a diploma, license or certificate, "conferring or evidencing the possession by him of any qualification entitling him to registration." Any person not qualified to be registered, but who holds a diploma, or license, or certificate granted to him by any university, or by any college or faculty of physicians or surgeons, after and in consequence of his having passed through the course of study and examinations prescribed by such college or faculty of physicians or surgeons, and who wishes to become qualified and to be registered as a medical practitioner in this island, may become so qualified and be so registered on passing a satisfactory examination in medicine, surgery and midwifery. Such examination must be conducted by a Board of Examiners, to be appointed by the governor from the Medical Council, and 'shall be practically as searching as the least searching final examination required to be passed in the United Kingdom prior to, and as a condition of, the obtaining of a qualification entitling the person examined to be registered in the United Kingdom." If the Board of Examiners find the candidate sufficiently informed or sufficiently skilled, they shall give him a certificate entitling him to be registered under the medical laws of this island. The fees for examinaton amount to £12 12s. and must be deposited beforehand with the Secretary. A fee of three guineas is given to each member of the Board of Examiners, and three guineas to the Secretary of the Medical Council, who is ex-officio secretary to the Boards of Examiners. A fee of £1 is to be paid to the Registrar-General in every case of registration in ordinary cases.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homœopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ₸, Druggist; ⟨, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

LAW IN REGARD TO MEDICAL STUDIES AND THE PRACTICE OF MEDICAL PROFESSIONS.

In Mexico, as in all other countries, no person is allowed to practice medicine or any medical profession without proof that he or she is a graduate of an authorized college or university.

The studies, when made in Mexico, have to be made respectively, as the case may be, in the National School of Medicine, the hospitals of mental diseases, the Charity Central Warehouse, the National Institute of Dental Instruction, the National Medical Institute, or the Pathological Institute.

When made in foreign countries the studies may be validated in Mexico upon application to the Secretary of Justice and Public Instruction, and the proof, by the proper certificate, that they have been made in accordance with the provisions of the Mexican law. Validation thus granted exempts the candidate from the necessity of being examined.

The medical professions, as classified by the decree of January 11, 1902, providing for a "Plan of Studies for the National School of Medicine," are four, as follows:

1. Medicine and surgery.
2. Pharmacy.
3. Obstetrics.
4. Dental surgery.

The course in medicine, covering a period of six years, embraces: Descriptive anatomy, with practical dissection exercises; general and histological anatomy, theoretical and practical, with the proper practical exercises; topographic anatomy, with practical exercises, and pathological anatomy; physiology, with experimental demonstrations; biological chemistry; galenic pharmacy; bacteriology; pathology, medical, surgical, and general; therapeutics, medical and surgical: theoretical obstetrics; clinics, internal, external, propedeutical, and surgical; medical pediatrical clinic; surgical gynecological clinics; clinic of ophthalmology; clinic of psychiatrics; legal medicine and deontology.

The course in pharmacy, covering a period of three years, embraces: Pharmacy, posology, pharmaceutical economy, legal pharmacy, deontology, chemical and pharmaceutical manipulations; practical management of the physical and chemical instruments and apparatuses used in pharmacy; natural history of the simple drugs used in Mexico, chemical analysis, general and applied to medicines, toxicology, and the examination of food and beverages, and of the principal physiological and pathological products.

Practice in the Charity Central Warehouse, or in the drug store of a government hospital, shall also be required as a condition for graduation.

The course in obstetrics, covering a period of two years, embraces. Anatomy and physiology of the feminine sexual apparatus, including the study of the pelvis; elements of embriology and fetal anatomy; pregnancy, labor, and puerperal conditions, physiologically considered; care required by the mother of the newly born child; obstetrical antisepsia; obstetrical hygienics; obstetrical therapeutics; obstetrical operations, with exercises on the manikin; and clinic, obstetrical and propedeutical.

The course in dental surgery, covering a period of three years, embraces: Descriptive anatomy, with dissection exercises; topographical anatomy of the head and especially of the mouth; histology, with special reference to the elements constituting the mouth; physiology; dental pathology; morbous processes in general; dental therapeutics; dental materia medica; dental surgery; dental operations; dental prosthesis; dental metallurgy; bacterioscopy.

Article 22 of the decree provides that the studies above described, whether purely preparatory or professional, made in a foreign country, may be validated by the Secretary of Justice and Public Instruction, upon such conditions as he may require.

Article 28, translated into English, reads as follows:

"Art. 28. Persons holding diplomas from official schools of the Republic, different from those designated by this decree, or from foreign universities, who may desire to obtain the same from the schools and institutions named in article 1 of this decree, for the practice of any of the medical professions established by this plan, shall subject themselves to examination, in the National Preparatory School, or in the National School of Medicine, in every one of the matters or branches above described for each profession; and if approved, they shall have to pass also the respective professional examination. But if the candidate shall prove by a competent certificate to have studied some mattters in conformity with the provisions of the Mexican plan, the said studies shall be validated, and he shall be exempted from examination in the same. It shall not be necessary to take up the different subjects of examination in regular order.

MEDICAL LAWS.

HAITI MEDICAL LAW.

The Jury Medical (Medical Board), which consists of four physicians and one druggist, is appointed by the President of the Republic for a period of two years. The Board elects one of its members to act as president. All physicians and dentists desiring to pursue the practice of their profession are required to pass an examination before this board, and if satisfactory a license to practice is granted. The same requirement is exacted from foreign as well as native physicians and dentists. There is no charge or fee for this examination.

ADDITION TO WISCONSIN MEDICAL LAWS.

Sub. for No. 353. A.

A BILL empowering and requiring the Wisconsin State Board of Medical Examiners to refuse to grant licenses or certificates of registration to persons guilty of immoral, dishonorable or unprofessional conduct, and empowering the courts to revoke and annul any license or certificate issued to any person guilty of immoral, dishonorable or unprofessional conduct, or fraud or perjury in connection with obtaining such license or certificate, or through error.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

Section 1. It is hereby made the duty of the Wisconsin State Board of Medical Examiners to refuse to license or grant a certificate of registration to any person guilty of immoral, dishonorable or unprofessional conduct. The circuit courts of this state are hereby vested with jurisdiction and power to revoke and annul any license or certificate of registration which has been heretofore or which may be hereafter issued to any person to practice medicine or surgery, or osteopathy in this state, who is guilty of immoral, dishonorable or unprofessional conduct, or who has procured such license or certificate of registration by fraud or perjury, or where the same was obtained through error. Upon a verified complaint in writing being made by any person, to the district attorney of any county, charging any person holding such license or certificate with having, in said county, been guilty of any immoral, dishonorable or unprofessional conduct, as defined in this act, or with having procured such certificate or license by fraud or perjury, or through error, said district attorney shall commence and prosecute and action in the circuit court of said county, against the person so complained against, to revoke and annul such license or certificate of such person. Such action shall be commenced and prosecuted as a civil action in the name of the State of Wisconsin as plaintiff, and against such person complained against as defendant, and the rules of pleading, evidence and practice in civil actions in the Circuit Court shall be applicable thereto, and either party may appeal from the Circuit Court to the Supreme Court as in other civil actions. Either party in said action may demand a jury trial, and the defendant shall have the right to be represented by counsel, and the court may permit counsel to assist the district attorney in the prosecution of such action. The costs of such prosecution shall be paid by the county in which said action is brought. If, upon the trial of such action, the court finds, or the jury returns a verdict in favor of the plaintiff, judgment shall be rendered revoking and annuling such license and certificate of the defendant, and the clerk of the circuit court shall forthwith cause a certified copy of such judgment to be sent to the Secretary of the Wisconsin State Board of Medical Examiners to be filed for record in the office of said Secretary. Any person whose license or certificate has been revoked under the provisions of this act, who shall thereafter practice, or offer or attempt to practice medicine, surgery or osteopathy in this state, shall be punished as provided in Chapter 426 of the Laws of 1903. No person shall be excused or provileged from testifying fully under oath or producing evidence, documentary or otherwise, in any action, proceeding or examination brought under the provisions of this act; but no person shall be prosecuted or subjected to any penalty for or on account of any transaction, matter or thing, concerning which such person may so testify or produce evidence, documentary or otherwise, except for perjury committed in giving such testimony. If the court before which the trial is had shall determine that the complaint made to the district attorney was wilful and malicious and without probable cause, it shall enter judgment against the person making such complaint for the costs of such action, and payment of the same may be enforced by execution against the body of such complainant as in tort actions.

Sec. 2. The words "immoral, dishonorable or unprofessional conduct" as used in section one of this act are hereby declared to mean. First, procuring, aiding or abetting a criminal abortion: second, advertising, either in his own name or in the name of another person, firm, association or corporation, in any newspaper, pamphlet or other written or printed paper or document, in any obscene manner or in a manner derogatory to good morals, the curing of venereal diseases, the restoration of "lost manhood," or the advertising of any medicine or any means whereby the monthly periods of women can be regulated or the menses re-established, if suppressed, or being employed by or in the service of any person, firm, association or corporation so advertising; third, the obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured; fourth, wilfully betraying a professional secret; fifth, indulging in the drug habit; sixth, conviction of any offense involving moral turpitude.

Sec. 3. This act shall take effect and be in force from and after its passage and publication.

and an able Corps of Collaborators.

$3.00 per Annum, Payable in Advance.

The only journal on the American continent devoted to Medical Jurisprudence.

Every department of Forensic medicine discussed in its columns.

Organ of the Psychological Section of the Medico-Legal Society, and of the Section of Medico-Legal Surgery. This Journal publishes the

Bulletin of the American Congress of Tuberculosis

It publishes the papers read before the Medico-Legal Society and keeps pace with the progress of Medical Jurisprudence in all countries, devoting especial attention to Psychological Medicine, the Medical Jurisprudence of Insanity, Toxicology, Sociological Questions, Criminology and Public Health. The current volume will be largely devoted to

The Prevention of Tuberculosis.

It is also producing, in serial numbers, Historical Sketches of the Supreme Court of the States and Provinces of North America, by States, of which Vol. 1, containing about thirteen States and Provinces are included. Address,

This College is a member of the "Association of American Medical Colleges." Four regular courses are required prior to graduation. The Preliminary Fall Course begins September 1st; the Regular Winter Course begins September 20th.

Thorough Laboratory work is required in Biology, Comparative Anatomy, Human Anatomy, Chemistry, Histology, Physiology, Embryology, Bacteriology, Pathology, Clinical Pathology, and Operative Surgery.

Practical Hospital and Dispensary work is required during the third and fourth years. The wards of the Maryland General Hospital are filled with patients suffering from nearly every form of disease and injury, furnishing a large Clinic for Medical and Surgical cases. Our Maryland Lying-in Hospital, immediately adjacent, presents excellent advantages for the study of practical Obstetrics.

There is abundant clinical work in Obstetrics, Gynaecology, Medicine, Surgery, Eye and Ear, Nose, Throat and Chest, Diseases of Children, Nervous and Mental Diseases, etc. The Baltimore Medical College Dispensary furnishes an out-door Clinic of 25,000 patients annually. Our College Buildings are spacious, comfortable, and among the most completely equipped in the United States, and are located on Madison street, corner of Linden avenue, on Linden avenue, and on Howard street. They contain a large Lecture Hall, a Clinical Amphitheatre, an Anatomical Amphitheatre, and Laboratories of Anatomy, Biology, Histology, Physiology, Chemistry, Pathology, Bacteriology, etc., all of which are thoroughly equipped.

Terms reasonable. For further particulars send for Catalogue, and address

DEPARTMENT OF MEDICINE

FOUNDED IN 1765

The Annual Session begins on the last Friday in September, at 12 M., and ends at commencement, the third Wednesday in June. The Curriculum is graded, and attendance upon four annual sessions is required. Practical instruction, including laboratory work in Chemistry, Histology, Osteology, Bacteriology, Pathology, Physiology and Pharmacy, with bedside instruction in Medicine, Surgery, Gynecology and Obstetrics, is a part of the regular course, and without additional expense.

FACULTY

JAMES TYSON, M. D., Professor of Medicine.

HORATIO C. WOOD, M. D., LL. D., Professor of Materia Medica, Pharmacy and General Therapeutics.

EDWARD T. REICHERT, M. D., Professor of Physiology.

BARTON COOKE HIRST, M. D., Professor of Obstetrics.

J. WILLIAM WHITE, M. D., John Rhea Barton Professor of Surgery.

GEORGE A. PIERSOL, M. D., Prof. of Anatomy.

JOHN MARSHALL, M. D., Nat. Sc. D., LL.D., Professor of Chemistry and Toxicology.

LOUIS A. DUHRING, M. D., Prof. of Dermatology.

ALEXANDER C. ABBOTT, M. D., Pepper Professor of Hygiene, and Bacteriology.

JOHN G. CLARK, M. D., Professor of Gynecology.

GEORGE E. de SCHWEINITZ, M. D., Professor of Ophthalmology.

CHARLES H. FRAZIER, M. D., Professor of Clinical Surgery, and Dean of the Faculty.

ALLEN J. SMITH, Professor of Pathology.

DeFOREST WILLARD, M. D., Professor of Orthopedic Surgery.

JOHN H. MUSSER, M. D., Professor of Clinical Medicine.

ALFRED STENGEL, M. D., Professor of Clinical Medicine.

EDWARD MARTIN, M. D., Professor of Clinical Surgery.

CHARLES K. MILLS, M. D., Professor of Neurology.

WILLIAM G. SPILLER, M. D., Professor of Neuropathology and Associate Professor of Neurology.

CHARLES W. BURR, M. D., Professor of Mental Diseases.

R. TAIT McKENZIE, M. D., Professor of Physical Education.

DANIEL J. McCARTHY, M. D., Professor of Medical Jurisprudence.

B. ALEXANDER RANDALL, M. D., Clinical Professor of Diseases of the Ear.

J. P. CROZIER GRIFFITH, M. D., Clinical Professor of Diseases of Children.

THOMAS R. NEILSON, M. D., Clinical Professor of Genito-Urinary Diseases.

CHARLES P. GRAYSON, M. D., Clinical Professor of Laryngology and Rhinology.

GWILYM G. DAVIS, M. D., M. R. C. S. (Eng.) Associate Professor of Applied Anatomy.

J. ALISON SCOTT, M. D., Adjunct Professor of Medicine.

RICHARD H. HARTE, M. D., Adjunct Professor of Surgery.

JAMES P. HUTCHINSON, M. D., Adjunct Professor of Surgery.

THOMAS G. ASHTON, M. D., Adjunct Professor of Surgery.

M. HOWARD FUSSELL, M. D., Assistant Professor of Medicine.

ALFRED C. WOOD, M. D., Assistant Professor of Surgery.

RICHARD C. NORRIS, M. D., Assistant Professor of Obstetrics.

DAVID H. BERGEY, M. D., Assistant Professor of Bacteriology.

LEO LOEB, M. D., Assistant Professor of Experimental Pathology.

DAVID L. EDSALL, M. D., Assistant Professor of Medicine.

Course of Instruction and Facilities.

Four years of graded instruction are required of candidates presenting themselves for the degree of M. D. The instruction consists in didactic lectures, amply supplemented by clinical teaching at the bedside and in the laboratories and dispensaries.

In addition to the members of the Faculty named above, there is a large corps of experienced instructors who assist the professors in practical work in the laboratories or in bedside work at the hospitals and dispensaries. Every candidate for the degree is personally taught, by dividing the class into small sections, in Clinical Medicine and Physical Diagnosis, Obstetrics and Gynecology, Major and Minor Surgery and Bandaging, Orthopedic Surgery, Diseases of Children, Ophthalmology, Neurology, Otology, Dermatology, Laryngology, and Genito-Urinary Diseases. Ample clinical material is afforded by the Jefferson College Hospital, in which no less than 300 patients are treated daily, and by the Philadelphia and other Hospitals.

Laboratory instruction is given in Medical Chemistry, Pharmacy, Physiology, Clinical Microscopy, Anatomy, and Histology, and in Operative Obstetrics, Surgery, Pathology, and Hygiene.

Daily instruction in the practical branches as given in the wards of the fine new Hospital of the College, is a special feature of the course.

Special Laboratory instruction is given to graduates of medicine in Bacteriology and Pathology.

The Annual Announcement, giving full particulars, will be sent on application to

J. W. HOLLAND, M. D., Dean.

Hahnemann Medical College and Hospital

CHARTERED 1848

Broad Street above Race **PHILADELPHIA**

Medical Students, in selecting their Alma Mater, should

REMEMBER:

1st. That the Hahnemann Medical College of Philadelphia is the oldest Homoepathic Medical College in the world, and her alumni, 2,799 in number, are found in every State in the Union and in the Faculty of every Homoepathic Medical College in the country.

2d. That its College and Hospital buildings are new and modern in construction and complete in every detail.

3d. That they are located in the heart of the city, within two squares of the City Hall, and convenient to all places of interest and public resort.

4th. That it has a museum of Anatomical and Pathological specimens not excelled in size and variety in this country.

5th. That it has a library of 15,000 volumes to which students have access.

6th. That its Laboratories—Anatomical, Physiological, Histological, Chemical, Pharmacological, etc., etc.—are fully equipped in every detail.

7th. That it has a corps of experienced Professors, Lecturers and Demonstrators, 75 in number.

8th. That its teachings are broad and liberal, embracing everything essential to a thoroughly educated modern physician.

9th. That it has a large Hospital in which about 40,000 patients are treated annually, and that senior students have six months' experience in the several departments of its Dispensary, in which they examine, diagnose and treat hundreds of cases, embracing all classes of disease and accident, under the direction of the Professors and Instructors.

10th. That in the Obstetrical Department every senior student is drilled in the use of Obstetrical Instruments, performs all the operations, and attends cases of confinement.

11th. That it requires a high school education or equivalent, and a four years' course of lectures.

12th. That Philadelphia is renowned as the medical center of the country; is a delightful place of residence, and offers a home for the student full of attractions and interesting historical associations.

13th. That announcements may be had by addressing CHARLES M. THOMAS, M. D., Dean, or CHARLES MOHR, M. D., Registrar, Hahnemann Medical College, Philadelphia, Pa.

Harvard University

MEDICAL DEPARTMENT

The new buildings, four of which are devoted entirely to laboratory teaching and research, will be ready for use in the fall of 1906. Abundant facilities for general and special clinical instruction in medicine and surgery are afforded by the numerous hospitals of Boston.

COURSE FOR THE DEGREE OF M. D.

A four years' course, open to bachelors of art, literature, philosophy, or science, and to persons of equivalent standing, leads to the degree of M. D. The studies of the fourth year are wholly elective; they include laboratory subjects, general medicine, general surgery, and the special clinical branches. The next School-year extends from the first Thursday after the last Wednesday in September to the last Wednesday in June.

GRADUATE COURSES

Throughout the School-year, special courses open to graduates of recognized medical schools are offered in the various subjects of practical medicine and the medical sciences.

SUMMER COURSES

During the summer months, similar courses are open to both medical students and graduates.

RESEARCH WORK

In all the laboratories opportunity is given at all times for properly qualified persons to conduct original investigations.

COLLEGE OF PHYSICIANS AND SURGEONS

BOSTON, MASS.

FIRST REGULAR COLLEGE IN NEW ENGLAND ADMITTING

MEN AND WOMEN TO EQUAL PRIVILEGES

HON. JOSEPH BENNETT, President. CHARLES H. COBB, M. D., Dean.
J. H. JACKSON, A. M., M. D., Registrar.

Matriculation examination requirements are in accordance with those of the Association of American Medical Colleges. Special Preliminary Course without extra expense, as provided in the College Announcement.

PLAN OF INSTRUCTION

The plan of instruction comprises a four years' graded course, consisting of didactic and clinical lectures, conferences, laboratory practice, etc., upon the essential branches of the Science of Medicine. In addition to the lectures, there are recitations, clinical teaching and practical work in the laboratory and the dissecting room.

REQUIREMENTS FOR GRADUATION

Candidates must be at least twenty-one years of age. They must have attended four annual courses of lectures of not less than six months' duration, each in different years, at this College; or have attended three such courses at some other recognized medical college or colleges, and one at this; or, have attended two such courses at some other recognized medical college or colleges and two at this; or, have attended one such course at some other recognized college and three at this; or, having been admitted to advanced standing in this College, by having pursued a prescribed course or courses of study in other recognized colleges and universities, as set forth by the Association of American Medical Colleges, shall be required to have attended at this College only such courses of lectures as are necessary to complete the curriculum of four annual courses of lectures. Candidates must have dissected all parts of the cadaver. They must have attended six cases of obstetrics.

The Twenty-seventh Regular Session will commence on the THIRD WEDNESDAY IN SEPTEMBER, 1906, and continue until the third Wednesday in June, 1907.

J. H. JACKSON, A. M., M. D., Registrar,

RUSH MEDICAL COLLEGE

IN AFFILIATION WITH

The University of Chicago.

Under the arrangement of affiliation with the University of Chicago, the instruction of the first two years of the medical course is now given wholly at the University in the spacious Hull Biological Laboratories—four buildings—and the Kent Chemical Laboratory. The students during these two years are members of the University student body as well as of Rush Medical College, and are entitled to all of the privileges of University students. The work of the last two, or clinical years, is given at Rush Medical College, in three commodious buildings, and also in the wards of the Presbyterian Hospital, which adjoins the college. Clinical instruction is also offered in the Cook County Hospital—1000 beds—in the immediate vicinity of the college, the Chicago Eye and Ear Infirmary, the West Side Hebrew Dispensary, St. Luke's Hospital, and other institutions in the city, full credit being given for such extra mural work.

The requirements for admission to the medical course are equivalent to a four years' high school course of the best grade, and two years of college work. Instruction is given continuously throughout the academic year, which is divided into quarters known respectively as the Autumn, Winter, Spring and Summer quarters and beginning respectively October 1st, January 1st, April 1st, and about June 18th. A recess of one week intervenes between the Autumn and Winter, and Winter and Spring quarters, and one month between the Summer and Autumn quarters.

The general course of instruction in Rush Medical College requires four years of study in residence, with a minimum of attendance upon three quarters of each year. These years are designated as the Freshman, Sophomore, Junior and Senior years, respectively.

A student may begin his College work on the first day of any Quarter, and may continue in residence for as many successive Quarters as he desires. Attendance credit will not be allowed, however, for more than three successive Quarters.

Manual training in all departments of medicine is a special feature of the instruction of this College. Systematic recitation and conference courses, conducted in five commodious recitation rooms, are regarded as a most important means of teaching.

The faculty numbers about 190 professors and instructors.

Physicians and medical students are invited to visit the laboratories and to inspect the educational appliances of this school.

GEO. F. SARGENT COMPANY, Kennedy Building, NEW YORK, N. Y.

Northwestern University Medical School

(CHICAGO MEDICAL COLLEGE)

DR. N. S. DAVIS, DEAN.

THIS Medical School was the pioneer in insisting upon the following points in medical education: The enforcement of a standard of preliminary education; the adoption of longer annual courses; grading of the curriculum. The regular course now includes four years of eight months each.

The buildings now occupied by the school were erected in 1893. One is a model laboratory building; the other an admirably arranged out-patient hospital.

The equipment of the laboratories is very complete. The professors of chemistry and physiology are practical men and very successful teachers. They devote their entire time to the college. The pathological department is especially well equipped. The courses are most thorough and practical.

The curriculum is arranged in four entirely separate and distinct consecutive annual courses. Instruction is by didactic and clinical lectures, recitations, demonstrations and laboratory and clinical exercises.

The clinical material is unusually large and varied. It is drawn from the Cook County Provident People's South Side Dispensary, located in the College Building, and Mercy, St. Luke's, and Wesley Hospitals. Over 24,000 cases were treated in the dispensary last year. Clinical instruction is graded, the simplest specialties being taught first. Clinics are so numerous that each individual student is able to examine patients thoroughly. The seniors make ward visits in divided classes and thus keep track of all the hospital patients. Students in the first year will attend some clinics; those of the other three years comprise the clinical class, and are divided into two divisions—hospital and dispensary. The hospital division is subdivided, one section attending Mercy Hospital and the "College Clinics," the other attending St. Luke's Hospital and the "College Clinics." In the dispensary, the patients are assigned to its several departments, medical, surgical, et al., and small groups of students are assigned for daily work in these departments, the assignments so arranged that each group works four consecutive weeks in each department, and in the course of the year in all departments. The "College Clinics" are conducted by the professors of the several departments, and fourteen are given each week. Dispensary and college clinic hours are from 10 to 12 a. m. and 2 to 4 p. m.

FEES: A matriculation fee of five dollars is paid once. Annual fee is one hundred and seventy-five dollars. A deposit of ten dollars is required to cover breakage; if none occurs this fee is returned. A discount of $15 is allowed if all fees and deposits are paid on or before October 3, 1906.

For circulars of information, address the Secretary.

COLLEGE OF MEDICINE

Medical Department of

SYRACUSE UNIVERSITY

HISTORY.—The famous Fairfield (N. Y.) Medical School was organized in 1812. In 1841 part of its faculty went to the Geneva Medical School and the other part to Albany. The fame of the Geneva School was soon well established. Of the learning and eloquence of her lecturers the graduates always speak with enthusiasm. In 1872 the Geneva School became the Medical Department of Syracuse University. With advancement in medical education the Syracuse School has supplemented its lecture courses by recitations and practical work in laboratories and hospital wards, and has arranged all as a four years' graded curriculum—steadily keeping its standard of admission and scholarship in advance of the legal requirements of the State.

MAIN BUILDING.—The main college building, with its attractive lecture rooms, numerous spacious and well equipped laboratories, library, large study rooms for men and women respectively, modern lavatories, individual students' lockers, photographic dark rooms and an electric plant for running elevator, physiological laboratory apparatus and supplying incandescent lighting, arc lights for lantern, microscopic projection and photomicrography, and an ample cold storage plant for the preservation of anatomical material, is one of the better appointed medical schools of the United States.

COLLEGE LIBRARY.—A rapidly growing medical library of more than 6,000 bound volumes, and a large number of the more important current medical and scientific periodicals, is accessible to students of the college.

HOSPITALS AND DISPENSARY.—Two large general hospitals, a children's hospital, a large county orphan asylum, an extensive state institution for feeble-minded children and a city free dispensary, are at the service of the faculty and are all utilized for purposes of clinical instruction.

FACULTY.—In the faculty are enthusiastic, progressive teachers who strive to advance medical education by accepting as students only well prepared men and women and insisting upon undergraduates continuing capable and doing steadily step by step the prescribed work of the curriculum. The work is so graded, however, that willing and industrious students of average ability experience little difficulty in meeting these demands.

UNIVERSITY ATHLETICS.—An excellent gymnasium, with tub, shower and plunge baths for both men and women; a first-class athletic field with a quarter-mile cinder track and a grand stand, are at the service of all university students. Fee, $6.00 annually.

COLLEGE FEES.—The annual matriculation fee is $5.00. The annual tuition fee is $125. Laboratory and graduation fees amount, during the four years' course, to $125.

ROOMS AND BOARD.—Good rooms for one student can be had in Syracuse for from $6.00 upward per month, and the same rooms occupied by two students for from $8.00 upward per month. By clubbing together in clubs of from six to twelve students, good board can be had for $2.50 a week per student.

POMEROY COMPANY,
17 UNION SQUARE, NEW YORK CITY.

THE "MASTER"
Surgical Elastic Stockings.
(See adv in classified Supporting Belts.)

The National Medical University.

The following advantageous features distinguish this Institution from all others:

1 Day and Evening Classes.

2 In Session the entire year. Four quarters: beginning with January, April, July and October.

3 The work of each quarter is completed by a final Examination.

4 All lectures repeated every quarter or every second quarter, so that one does not have to wait a year before a given subject is taught again.

5 Students may therefore enter at the beginning of any quarter, or may attend one quarter, drop out the next and re-enter the third without disadvantages.

6 For the same reason Students may change at the beginning of any quarter from attendance during the Evening to attendance during the Day, or vice versa.

7 A Systematized Medical Curriculum, so that every subject in medicine must be covered before graduation is possible.

8 Attendance upon twelve (12) quarters during the day, or fifteen (15) quarters during the evening, extending over a period of four years required. Fifth year hospital work conditional.

9 Students at graduation are prepared to pass any State Board Examination.

10 This University embraces a School of Medicine, a School of Dentistry, a School of Pharmacy, a School of Midwifery, a School of Mechanical Therapeutics and Optics; also Nurse College.

A diploma is given for each to those complying with all the requirements.

11 All recognized Schools or Systems of Practice are taught without prejudice or partiality by able representatives of each, thus giving the most liberal and practical medical education possible.

12 About seventy-five Professors and Instructors, many of whom have no superiors and few equals.

13 An emergency, a general and a lying-in Hospital adjoining and in immediate connection, giving the Student an opportunity to attend emergency cases, to receive bedside instruction, to attend labor cases and to assist at operations.

14 Each Student is given the opportunity and required to attend twelve cases of Obstetrics before graduation.

15 Located in the best clinical field in Chicago.

16 Students of both sexes admitted.

17 Fees Reasonable. Half rate to Degree Students.

18 Self-supporting Students' Employment Association.

19 A free Preparatory Course.

20 Natural Quiz System enabling Student to do double work.

The Hering Medical College and Hospital

Corner of Wood and York Streets, Chicago.

THE COLLEGE THAT TEACHES PURE HOMŒOPATHY.

In the Heart of the Great Medical Center of Chicago. Unexcelled Medical Facilities.

Directly opposite Cook County Hospital. The only Homœopathic College in Chicago within five miles of that great institution.

Don't study medicine unless you study Homœopathy. Don't study Homœopathy in a College where pure Homœopathy is not taught.

Hering Medical College teaches pure Homœopathy and its graduates always find profitable fields in which to practice their profession. Why? Because the people desire honest Homœopathic prescribing.

As good an education in all of the departments as is offered in any institution and in addition the best Homœopathic teaching obtainable. A commodious college building. A large and enthusiastic Faculty. Abundant Surgical, Gynecological and Medical clinics. For information address

ILLINOIS
TRAINING SCHOOL FOR NURSES

(Founded and Incorporated 1880.)

The Board of Directors offers a three years' course of training to women who desire to enter the profession of nursing. The course of training comprises practical work in the wards, theoretical work in class and lecture rooms, and cooking lessens; being divided into Junior, Middle and Senior years.

The facilities for imparting theoretical and practical training to nurses are thorough and complete in all departments, including instruction by the ablest professors from different medical colleges, and the daily care of over one thousand patients in medical, surgical, obstetrical, gynecological, children's and contagious wards. Applications for admission must be made to the Superintendent,

The Chicago Emergency Hospital

309 Fifth Ave., CHICAGO, ILL.

RICHARD M. FLETCHER, President and Surgeon-in-Chief.

The Chicago Emergency Hospital

Occupies a six story brick and stone building, just south of Van Buren Street. The location is practically in the center of the down-town business district, and within a few blocks of all the Depots.

The Building Has Been Remodeled

At a heavy expense and now contains everything that could possibly be demanded in a modern Hospital. The beds, bedding and furniture, in fact everything in the Hospital was made expressly for the institution under the direction of the Surgeon-in-Chief, and each article is of the highest standard.

The Operating and Sterilizing

Rooms have received the greatest care and attention and will stand the test of comparison with any Hospital in the City of Chicago.

The Hospital is Lighted Throughout with Electricity and Gas

And the vacuum system of steam heating has been installed. This system of heating will maintain a temperature of 80 degrees at zero weather. There are ample bathing and toilet facilities upon each floor and the light and ventilation is perfect. All the water used in the Hospital is filtered.

Out of town Cases will be admitted for Surgical or Medical treatment with the exception of cases of Insanity and Contagious and Infectious diseases.

Rates are from fourteen dollars to fifty dollars per week.

ALETRIS CORDIALRIO
UTERINE TONIC.

IF YOU ARE INTERESTED in honest, scientific and ethical Medical Journalism, you should give your moral and financial support by subscribing at once for

THE

St. Paul Medical Journal

BECAUSE

1st. It is controlled by a Medical Society.

2nd. Its object is to support a medical library, which is open to all physicians.

3rd. Its advertising pages are clean—it prints no "reading notices" concerning pharmaceutical preparations. Its advertising pages are distinct from its reading matter.

4th. It publishes the best medical literature produced in the northwest.

5th. It furnishes abstracts of the most important current medical literature of the world, making a special feature of the Scandinavian literature, which cannot be found elsewhere in English.

6th. It is a Medical Journal owned and published by medical men in the interest of, and for the advancement of, the medical profession of the northwest.

$2.50 PER YEAR

ANTISEPTIC, DISINFECTANT, ANAESTHETIC, STYPTIC.

Where such an article is indicated SULPHO-NAPTHOL is much more effective and economical than other preparations used for those purposes, with none of their disagreeable and sometimes dangerous features.

THE SULPHO-NAPTHOL CO.,

29 Haymarket Square, BOSTON, MASS.

Scott's Emulsion is more powerful, more digestible and more palatable than the raw cod liver oil.

ARE YOU PLACING IT

Profitably?

Is a medium of determined value, superior quality and quantity of circulation, independent of commercial influences, typographically perfect, impressive, guaranteeing first-class service and thoroughly covering a given territory at rates as low as is consistent with the service, worthy of your consideration?

SUCH A MEDIUM IS THE

Milwaukee Medical Journal

A complete epitome of Medicine and Surgery. Established 1892. Now the only strictly ethical publication of its class in Wisconsin. Reaches more members of the profession in Michigan, Minnesota, Iowa and Wisconsin than any other medical journal.

We Are Helping Others Increase Their Business,

ANASARCIN

RELIEVES

VALVULAR HEART TROUBLES

by reducing the number of heart beats, giving the heart rest, increasing the force of the Systole, causing the valves to close more thoroughly, thus preventing regurgitation, relieving the dyspnoea and increasing heart nutrition.

CIRRHOSIS OF THE LIVER

by equalizing the circulation, dilating the arterioles, thus relieving obstruction in the branches of the hepatic artery and portal radicles, securing better circulation in the liver and more nutrition to the cells and interlobular connective tissue.

ASCITES AND ANASARCA

by causing resorption of the effused serum into the circulation, whence it is easily eliminated with salines.

EXOPHTHALMIC GOITRE

by its inhibitory power over the cardiac fibres of the pneumogastric, controlling the heart's action indefinitely without detriment, thus preventing enlargement, or restoring to normal if already enlarged, the thyroid arteries and the vessels behind the globes which cause prominence of the eyeballs and enlargement of the thyroid gland, both of which are consecutive to the cardiac disorder.

BRIGHT'S DISEASE

by its power to relieve distal engorgements through its wonderful equalizing effect on the circulation, dilating the arterioles and establishing a normal physiological balance between the arterial and venous systems.

THE COLUMBUS MEDICAL JOURNAL is owned and controlled by a company composed exclusively of members of the medical profession in active practice. It is published wholly in the interest of the medical profession, and seeks to represent its highest interests.

THE JOURNAL is the Official Organ of the Columbus Academy of Medicine and publishes regularly official reports of the proceedings of that organization. With the two medical colleges and several well equipped hospitals, Columbus is recognized as an important medical center, and furnishes much that is of interest to the general profession. THE JOURNAL seeks to publish the best papers presented not only to the local society but those presented to other societies of the state, together with the discussions and the reports of clinical cases. All advertising matter is excluded from the reading pages, and none but ethical advertisements are accepted.

Guaranteed monthly issue of 1,500 to 2,500, circulation constantly increasing. Samples copies of THE JOURNAL sent on request to any member of the profession. Trial subscriptions solicited.

Original articles, scientific and clinical memoranda, correspondence and news items are cordially solicited from the profession. All communications should be addressed to the

The Publishers of

The Carolina Medical Journal

Of Charlotte, North Carolina

believe the facts justify their claim that the Carolina Medical Journal has more bona fide paying subscribers in the two Carolinas, than any other two journals.

The field of the Carolina Medical is the whole South, but the two Carolinas are covered closely. The Carolina Medical stands for the betterment of everything pertaining to the Practice of Medicine and Surgery.

Advertisers are requested to investigate its merits as a medium for reaching directly the users of their products. The size of the magazine was doubled in 1904.

VERY RESPECTFULLY,

W. H. WAKEFIELD, M. D.,

MANAGING EDITOR,

CHARLOTTE, NORTH CAROLINA.

KRETOL
Concentrated.
For Hospital use; unexcelled as a surgical dressing. Excellent for cuts, burns and bruises. An antiseptic in the treatment of chronic ulcers, cancerous sores, carbuncles and skin diseases. More particularly described in special pamphlet. All Druggists, or The "Kretol" Co. WASHINGTON, D.C.

LISTERINE

A Non-Toxic, Non-Irritant, Non-Escharotic Antiseptic.

Absolutely Safe, Agreeable and Convenient.

Listerine is a well-proven antiseptic agent—an antizymotic—especially useful in the management of catarrhal conditions of the mucous membrane, adapted to internal use, and to make and maintain surgically clean—aseptic—all parts of the human body, whether by spray, injection, irrigation, atomization, inhalation, or simple local application.

Listerine is a swift and sure destroyer of infusorial life; it prevents the various fermentations, preserves animal tissues and inhibits the activity, growth and motion of low forms of vegetable life: hence Listerine may be relied upon to destroy the activity of the living particles which constitute contagion whenever brought into intimate contact therewith.

Descriptive literature may be had upon application to the Manufacturers—

LAMBERT PHARMACAL CO.,

ST. LOUIS, U. S. A.

Be assured of genuine Listerine by purchasing an original package.

THE BOULDER-COLORADO SANITARIUM is a well-equipped and well-regulated institution for the treatment of all chronic disorders. It is the only Sanitarium in the Rocky Mountain region intelligently employing the same system of rational treatment and conducted upon the same general health principles as the Battle Creek (Mich.) Sanitarium. The buildings are equipped with all modern conveniences, including steam heating, electric lighting, elevators, gymnasium, etc. The medical appliances and equipment embrace Baths of every description, including the Electric-Light Bath; Massage and Manual Swedish movements; Electricity in every form; Classified dietary; Laboratory of Hygiene, for bacteriological, chemical and microscopical investigations; Experienced physicians and well-trained nurses of both sexes. No contagious or offensive diseases are received into the institution. **No Consumptive or Tubercular Patients are Received. Special reduced rates are made to Winter Patients from November 1 to June 1.** Write for catalogue and card of rates.

Address,

Boulder-Colorado Sanitarium,

BOULDER - - - COLORADO.

Scott's Emulsion contains the best Norwegian non-freezing cod liver oil, C. P. glycerine, and hypophosphites of lime and soda; the strongest combination in the world for fighting wasting diseases.

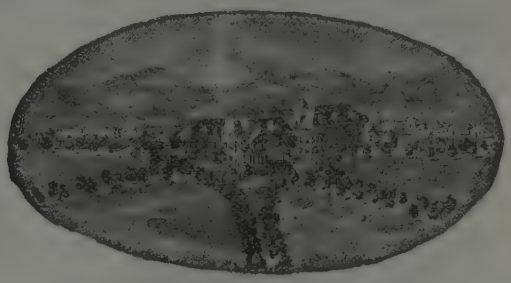
THE GLOCKNER SANATORIUM OR HOME

Is situated at Colorado Springs, in the most healthful and pleasant residence district of the city. The buildings are of brick finished in hardwood, and steam-heated throughout; many of the rooms are en suite with private baths, large closets, and open fire places.



The Glockner is situated in the center of large and handsome grounds pleasantly laid out, a part of which is used for tents that are occupied by those who prefer out-door life. A feature of this institution is the sun parlors, which run the entire length of the building. These parlors are so arranged as to receive the direct rays of the sun during all hours of the day. They are glass enclosed and well furnished with rugs, lounging chairs, cots, etc.

The roof garden is another excellent feature. It can be used at all hours during the day and throughout the entire year. An elevator reaches every floor. The Glockner is in charge of the Sisters of Charity, but is in no sense sectarian and patients of all creeds are welcomed and receive the best of care and attention. The institution is in every sense an ideal Home; patronized by the best class of people. Physicians sending patients may rely not only upon all comforts of a first class sanatorium, but of the devoted care and attention of the Sisters. A training school for nurses is maintained. Thoroughly trained nurses are provided when their services are required.

The Peerless Kitchen Boiler

Can Be Used With or Without a Vent Pipe.

The Peerless Kitchen Boiler can be connected to range waterback, or to furnace coil, and heated in that manner; yet when occasion requires quicker results, the gas burner can be instantly lighted—either method operating independently of the other. Connected with waterback furnishes hot water in two minutes without any heat from the range; takes up but little space; you can set it almost anywhere.

This boiler is the result of ten years of experiment devoted exclusively to water heaters. It is the only kitchen boiler ever invented that will heat water with or without the existing coal stove, gas range or other outside heating means. It is the only kitchen boiler adapted to using gas, gasoline or oil fuel that will substitute the boilers now in use.

It is simple in construction, having only three parts—a disc, burner and shell—and so constructed that 98% **OF THE HEAT GOES INTO THE WATER,** while it requires so little fuel that enough water for a **CLEAN HOT BATH CAN BE HEATED FOR 2 CENTS.** Why buy a heater to connect with the boiler when you can have a Peerless that does the work of both and saves fifty per cent on your fuel bill?

It can be set up anywhere desired, and removed from rented houses as easily as an ordinary stove. It is always ready, free from dirt, neat, simple and inexpensive, and has, in fact, numberless advantages that must be seen to be appreciated.

Our line of business for the last fifteen years has been gas water heater specialities. We manufacture a

WATER STERILIZER FOR HOSPITALS

that will sterilize 30 gallons of water in one hour at the cost of 4c for the gas.

Every Boiler and Water Sterilizer is guaranteed by the manufacturers,

GOOD HEALTH

"A Journal Which Has a Mission."

J. H. KELLOGG, Editor.

¶ No up-to-date physician's office is complete without this great exponent of rational, scientific health reform.

¶ It is the mouthpiece of the Sanitarium idea of right living, as worked out so successfully in the great Battle Creek Sanitarium and its countless branches.

¶ Without it no one can keep thoroughly in touch with the world's constant progress in modern medicine.

¶ GOOD HEALTH is in its forty-first year. It is the oldest and best health journal in America.

¶ Eighty pages of life and originality every month.

¶ One year, one dollar.

¶ One half year, one half dollar.

¶ One copy, one dime.

Address,

GOOD HEALTH,

Department O,

BATTLE CREEK, MICHIGAN.

¶ A postal will bring you a sample copy.

The Dunham Private Hospital

SIOUX FALLS, SOUTH DAKOTA

The Dunham Private Hospital is an institution established for the scientific treatment and care of medical, surgical and maternity cases (contagious and mental diseases excepted).

Combining the advantages of a hospital with those of a home. Thoroughly provided for aseptic surgery and the careful attendance of patients; quiet, light and pleasant.

The hospital is a most thoroughly equipped modern private institution, including an operating room with the latest appliances necessary for the successful treatment of all surgical cases, also a pathological laboratory where microscopical observations are made by a skilled microscopist.

We are also prepared for the treatment of diseases by means of Thermaetherapy, Static Galvanic and Faradic Electricity, General Mechano-Therapy and the X-Ray.

Pulmonary tuberculosis, or consumption of the lungs, is almost unknown here, which fact is due to the climate. There is evidence here of a number of people who had consumption and even hemorrhages before they came here from the East or other sections of the country who are now well and hearty.

While we could not admit cases of this kind to this institution we have another hospital under the same management about one mile from here on the outskirts of the city, on higher ground, where we can place such cases which may come here for treatment. It is strictly up-to-date and managed according to the latest and approved scientific principles.

The REVIEW is entirely free from all external influence. The editor, who devotes his entire time to the REVIEW, being the President of the incorporated Association and the largest shareholder, is untrammeled. It aims at the highest standard of medical journalism attainable.

It is the only weekly medical journal west of the Mississippi; the only one in the world at $1.00 a year. It now circulates in every state in the Union, in Canada and Great Britain, and in many of the British Colonies.

Always twenty pages, often twenty-four, of editorial matter.

Fifty-two Times a Year for $1.00

MAKING A LIVING

AT THE

PRACTICE OF MEDICINE

ALL things considered, the most useful publication for doctors in all America is

THE HEALTHY HOME . . . QUARTERLY . . .

It does what no other medical periodical, and no chair in any medical college, attempts; namely, it helps the doctor to get patients, to keep them after he gets them, and to get pay for the service he renders them. In other words, it pays attention to the business side of the doctor's work.

That it has "met a long-felt want" is proved by the fact that, starting less than three years ago, it now reaches more New England doctors than any other periodical.

On application, it will be sent to any doctor for one year on approval. If not worth the money, don't pay for it.

One dollar a year.

W. H. BROCK & CO., Publishers,

ATHOL, MASS.

We are also publishers of THE HEALTHY HOME, a monthly paper of hygiene and sanitation, the most successful periodical of its kind in all America.

Monthly, 50 Cents a Year.

Scott's Emulsion is more food than medicine. Its greatest good is accomplished through nourishment.

IT IS ADMITTED BY ALL THAT

THE CANADIAN JOURNAL OF MEDICINE AND SURGERY

TORONTO, - - CANADA

IS "PAR EXCELLENCE"

The Medium for . . . .
Medical Journal Advertisers

It is printed on 80-pound paper, is freely illustrated, and has, every month, from 80 to 100 pages of the brightest and most crisp medical news obtainable.

The Subscription Price, Canada and the U. S., is only $1.00 per annum.

Payable in Advance.

Medical advertisers say that they would rather have a half-page advertisement in THE CANADIAN JOURNAL OF MEDICINE AND SURGERY, for twelve months, than a full page in all the other Canadian medical journals combined. Our advertisers are usually so well pleased with the results obtained that they wish to double their space the second year. For sample copy, advertising rates, etc., Address

The Canadian Journal of Medicine and Surgery,
145 College St.,

MEDICAL TALK

FOR THE

HOME

C. S. CARR, M. D., Editor

MEDICAL TALK has the largest circulation among non-professional readers of any strictly medical journal in the world.

MEDICAL TALK reaches a greater number of that class of physicians known as "unethical" than any other medical journal in the world.

MEDICAL TALK advertises no drugs, proprietary or ethical.

MEDICAL TALK is the best advertising medium for appliances or applications, surgical or medical—in the office or in the home.

It is the only strictly medical journal that offers its advertising pages to all honest drugless methods of healing, irrespective of their school or standing in medical circles.

The editorial policy of MEDICAL TALK is governed by no code of ethics but honesty, adheres to no school of medicine except the school of actual experience.

Established seven years ago. Subscription price in the United States and Canada, **$1.00** per year. Foreign countries, **$1.50**.

Sample copy of MEDICAL TALK sent to any address on receipt of 10 cents. Address

A WISE SUGGESTION

When making up your List of Journals, include

The Medical Summary

It will pay you to advertise in The Medical Summary. In proportion to cost, the Summary is, beyond a doubt, the best medical journal advertising medium published. This is a fact that has been proved over and over again. The Summary has cut a niche of its own, which no other journal can exactly fill. It is not an organ of any section, clique or ring, but is a national journal, reaching the rank and file of the profession throughout every section of the United States and Canada. It ranks among the most popular of all the medical journals. Therefore its merits and advantages as an advertising medium are too apparent to need any extended mention. Not a single edition of the Summary during the past twelve years has been less than 10,000 copies—now 12,500. If you desire to introduce any new remedies, preparations, medicines, etc., or to keep your business or any standard articles constantly before those most likely to create and encourage an active and increasing demand for them, try the Summary. You will find the Summary after a fair trial will give results most satisfactory at the lowest rates.

The manager of a St. Louis pharmacal company writes: "I must say that from the experience I have had in medical journal advertising that the Summary produced better results than the other journals put together."

The Summary is a Monthly Journal of Practical Medicine, New Preparations, etc. No long articles; brief, practical and reliable. For rates, etc., address,

WHY

The Medical Advocate

PAYS ADVERTISERS

It goes to the right physician in the right way, it has the right tone and acts as a nerve tonic on every ethical physician. The buoyant optimism of the magazine, the consciousness, borne of conviction, that being instrumental in mitigating the ***PATENT MEDICINE EVIL*** and exposing the ***CHARLATANS,*** responsible for the evil, has brought forth the endorsement and approval of every ethical physician who has read it. It has made a direct appeal to the men who are doing the world's work, those who do things are those who need things to do with and who buy things as hundreds of advertises have learned to their profit.

New facts are put before the profession, in the ADVOCATE, in such a way as to be read and digested.

That's Why Advertising pays in

. . . . The Medical Advocate.

THE TRUTH plainly told attracts attention and attention means profit. Try it.

DR. MOODY'S SANITARIUM

SAN ANTONIO, TEXAS FOR

Nervous and Mental Diseases Drug and Alcohol Addictions

Homelike surroundings, conducive to rest, relaxation and recuperation, giving desirable advantages for the rest cure. Formerly the Barnard homestead, consisting of 7 acres of beautiful lawn and shades, with an elegant two-story building, to which a beautiful addition has recently been made, and another main building, 200 feet distant, has recently been built in accordance with modern ideas and plans, the two being occupied by men and women respectively, and an isolated cottage, giving in all about 60 rooms. The equipments are modern and first-class, including electric lights and hot and cold water throughout, excellent plumbing and artesian city water supply.

The location is high, beautiful, secluded yet convenient to street car and city. It is within two blocks from Brackenridge Park, covering 200 acres of beautiful shades, flowers, walks and drives. It fronts on the south immediately across the street, a magnificent plot of several hundred acres upon which New Government Post is situated, containing 18 New Officers' residences, about ¼ mile distant from the Sanitarium; unobstructed from view and unobstructing the fresh south breeze.

The treatment is rational and scientific and along strictly ethical lines. Drs. G. H. and T. L. Moody reside at the Sanitarium, have their offices there and limit their work exclusively to Nervous and Mental Diseases. The nursing is first-class and patients are under constant observation both day and night.

Address G. H. MOODY, M. D., 315 Brackenridge Avenue, SAN ANTONIO, TEXAS

(For six years Assistant Physician to State Asylums at San Antonio and Austin, Texas)

The Physician makes HEALTH to order for the Human Race

The National Fur & Tanning Co. makes WARMTH to order for the Physician.

Its Territory Is an Empire

The Journal of the Minnesota State Medical Association and the Northwestern Lancet

Published Twice a Month

ESTABLISHED IN 1870

W. A. JONES, M. D., Editor.

W. L. KLEIN, Publisher.

PUBLICATION COMMITTEE

W. S. Fullerton, M. D., St. Paul.
Thos. McDavitt, M. D., St. Paul. F. A. Knights, M. D., Minneapolis

This Journal is now the official organ of the Minnesota State Association and also of the Utah State Association, and is sent to all the members of each city. It circulates thoroughly from the Twin Cities to the Coast.

It has been established over a third of a century, and has been under the present business management for 15 years.

Its various departments—original articles, hospital bulletin, clinical microscopy, editorial, reports of societies, correspondence, and news—are well sustained and are full of interest.

It carries only ethical advertising.

Subscription Price—$2.00 a year.

"FROM THE RIVER TO THE COAST"

Denver Medical Times

AND

Utah Medical Journal

Published by

The Medical Times Publishing Company

1839 Champa St., Denver, Col., U. S. A.

Twenty-Fifth Year of Continuous Publication.

THIS Journal is owned, edited and conducted by the leading physicians in the middle west. It wields more influence and has a more valuable circulation than all other medical journals in the west. It is growing at a healthy rate and reaching out for new subscribers. It contains a fine list of first-class, appreciative, satisfied and continuous advertisers. We want your business and stand ready to be most liberal in order to get it. Our shareholders list will shortly contain over 200 of the most prominent western physicians.

If you want business from the "River to the Coast" you want us

THE LEADING MEDICAL JOURNAL OF THE GREAT WEST, thoroughly covering Colorado, Nebraska, Kansas, New Mexico, Wyoming, Utah, Arizona, Montana, Idaho, Nevada and all territory from the Missouri River to the Pacific Coast.

Offices: New York, St. Louis, Salt Lake City - MAIN OFFICES: 1839 Champa St., Denver, Col.

IMPORTANT TO PHYSICIANS

The general practitioner should prepare himself to fit glasses to eye defects. By so doing he can relieve the strain on the nervous system that often interferes with his treatments. He will find Ophthalmology a wonderful helpmate and profitable adjunct to the practice of Medicine. The system we teach is unlike that taught in Medical and Optical Colleges, as many physicians and opticians who have tested the Rowley Method can testify. We guarantee to satisfy each student who completes our course in Ophthalmology or return the tuition. We also teach NEUROPATHY (chiropractic), the new science originated by Dr. A. P. Davis, formerly of Dallas, Texas. Let us send you his new book on the science title, NEUROLOGY. Price $5.00 prepaid.

We invite your investigation. Let us give you references. All who have tested our methods indorse them.

SCHOOL FOR DEFECTIVES

For the mentally deficient and physically defective. Kindergarten methods, manual and industrial training. By co-operation with the best physicians of this city I am prepared to treat infant parallysis, rickets, chorea, cretinism and other diseases of infancy and childhood.

MRS. E. M. BARRETT, Austin, Texas.

Object.

The object of the school is to instruct, while caring for, treating and training, those children and adults, who, because of their defective senses, feebleness of mind or body are not able to attend the ordinary school or State institution. A special treatment and training will in some cases remove the defect and in others so ameliorate the conditions as to allow the child to acquire the physical, mental and moral habits necessary to meet the vicissitudes of life, to become helpful in the family and self-sustaining, which is the object of all education.

Methods of Instruction.

The method of instruction for developing the mind will at all times be the latest, most rational and scientific. Kindergarten, manual and industrial training will be used as a basis for the simpler English branches. The cottage plan fosters the home life, giving the child a variety of industrial exercises that appeal to them personally, and thus they have the advantage of gaining ideas from the practical matters of life. Both boys and girls will be taught to perform the household duties. Gardening, bee-keeping, poultry raising, flora culture, as well as such industries as carpentry, painting, etc., will be introduced.

Home and School.

The cottage system will be adopted and every possible means used for cultivating the refining and elevating influences of the refined Christian home. The children will be classified according to their mental infirmities, boys and girls occupying separate cottages, under the direct care of teachers and superintendent. Constant supervision will be exercised over the daily life, orderly habits, neatness, self-control and a spirit of helpfulness will be inculcated. All the advantages of a school with the elements of home life, where the mental, physical and moral development go hand in hand.

Location.

The Capital City of Texas is a natural health resort. The dry, mild climate, the altitude six hundred feet above tide water, and the hilly, perfectly drained surface make it the ideal spot for weak and defective children and adults, who are thus able to spend a part of every day in the year out doors in healthful exercise, enjoying the proverbial sunshine and balmy breezes of the Sunny South.

KRETOL
Household.
The best known remedy, not only for cuts, burns and bruises, ulcers and sores of all kinds, but most excellent for the bath or tender feet, callouses or soft corns.

Chicago
Post-Graduate Optical College

A SCHOOL OF PREPARATION FOR PHYSICIANS.

Our Course embraces complete technical instruction upon the refraction of the eyes and their muscular and nervous factors, and the proper use of all instruments for the determination of their condition.

Every Physician, whether he desires to engage in fitting glasses or not, should be instructed in this science. It is indispensable in the diagnosis of many organic derangements, and especially those of a nervous order.

FOR COMPLETE INFORMATION, ADDRESS AS ABOVE.

The People's Hospital and Training School for Nurses

FOUNDED 1897 INCORPORATED 1901

This institution is a Private Hospital, accessible to all reputable physicians. It is especially adapted to meet the requirements of the Wage Earners or those dependent upon them.

Private rooms, well ventilated, neatly furnished and supplied with electric bells, can be had at $7.00, $10.00 and $12.00 per week. This includes room, board, general nursing and general medication.

Patients, when able, are privileged to receive visitors, from 9 A. M. to 10 P. M., and in special cases remain in constant attendance.

Relatives or friends can secure board and room in hospital at moderate rates.

Patients of all kinds are admitted, except the insane and those suffering with contagious diseases.

There are rooms isolated and furnished with appliances for the reception and care of cases suffering with acute delirium.

Capacity, 50 patients. For further information address

University Hospital

1005 Campbell Street,

KANSAS CITY, MO.

The University Hospital, located on grounds adjoining the University Medical College, is owned and controlled by the trustees of the College. The Hospital now has a capacity of about one hundred beds. Connected with it is the University Training School for Nurses, consisting of a three years' course. The operating rooms are newly supplied with all the most modern, up-to-date appliances, which are at the disposal of the Surgeon or Physician sending or treating patients here. This Hospital is open to all, without respect to credo in medicine or religion. While there is no fund back of the institution to apply to non-paying patients, the price of some of the rooms and beds in the wards is so low as to be within the reach of people of limited means. It is the aim of the management to have at hand all the essential modern improvements that the best results of medical and surgical skill may be obtained. Besides the Superintendent there are selected each semester, from the College, three interns, and a well trained body of nurses, who are not only competent, but vigilant and faithful in the discharge of duty, and are constantly in charge.

LAKE GENEVA SANITARIUMS

OSCAR A. KING, Med. Supt.

Chicago Office, 72 Madison, cor. State St. Telephone Central 2508.
HOURS.—10 to 2 Tuesdays and Fridays

Ten Acres on the Lake Shore.

LAKESIDE

A General Sanitarium. FOR MEDICAL CASES COMMONLY TREATED IN SANITORIUMS, except that NO MENTAL CASES ARE ADMITTED.

Complete Modern Equipment.

Rates are as low as the Most Efficient Treatment and Best Trained Nursing will permit.

DR. FLINT'S SANATORIUM

Near Bridge Street, one and one-half miles from Merrimack Square, Lowell, was opened in June, 1902, for ***ALL CLASSES OF INVALIDS,*** excepting, ***ONLY, VIOLENTLY*** insane persons and those having a contagious disease.

It follows that both sexes are admitted. Also Maternity and gynecological patients.

Patients may employ physicians and surgeons not connected with the Sanatorium if they so desire, and, under any circumstances, have the close attention of a physician and trained nurse, and are made to feel as much at home as possible.

Terms are made in accordance with the requirements of each individual case. Electric cars arrive from, and depart for, Boston, every half hour, and for Lowell every fifteen minutes.

St. Vincent's Sanitarium

SHERMAN, TEXAS.

Conducted by the Sisters of Charity.

This Hospital was formally opened for patients December 29, 1903.

Its situation in the southeastern part of the city is one of the highest and most desirable points in Sherman.

Thirty-five sunny rooms; eight spacious well ventilated wards.

Sun parlors and delightful verandas on each floor.

The Preparation, Operating and Sterilizing rooms, etc., occupy part of the top floor and are features of special attraction.

Patients are admitted without regard to creed and granted full liberty in matters of religion.

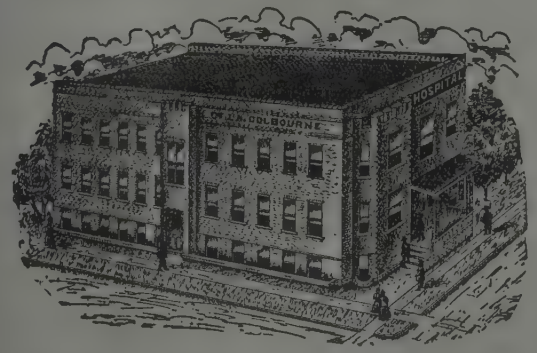
Acute cases (not contagious) and accident cases are received at all hours.

A resident physician and a corps of nurses in attendance.

Any physician of good standing may send his patients to the Sanitarium, and treat them there as if in their own homes.

For further information, address

SISTERS OF CHARITY, Sherman, Tex.



PONTIAC

has long been known as one of the prettiest and well kept towns in Illinois. It has a population of 9,000. It has a fine public library, a $25,000 Y. M. C. A. building, a fine high school, eight churches of different denominations and other institutions for moral and social uplift. The (Minerva Hospital) is situated one block from the Livingston Co. Court House, costing $100,000, one-half block from the M. E. Church, one-half block from the Christian Church, respectively. Doctors who wish to send their patients abroad for treatment could do no better than to send them to the Minerva Hospital for treatment. Dr. J. A. Colbourne is well provided with all modern methods, such as X-Ray and High frequency, Galvanic and Faradic currents, and Vibration, together with Hot Air baths and Hydrotherapy. The doctor has two rooms set apart for confinement cases. Any lady desiring a quiet retreat would find this a happy home. Operations done also at the hospital when necessary. Terms for admission: Room, board and nurse help, $20 to $25 per week. Medical treatment extra.

J. A. COLBOURNE, House Physician -:- Pontiac, Ill.

Scott's Emulsion is the most effective remedy known for weak and delicate children and thin, pale people.

THE PINES
SKANEATELES, N. Y.

A Private Home for Nervous Invalids. SUSAN J. TABER, M. D., Physician In Charge. Consultants: Dr. Stephen Smith, New York City; Dr. Frederick Sefton, Auburn, N. Y.; Dr. Amelia Weed Gilmore, Auburn, N.Y. THE PINES is located at Skaneateles, New York, and is easily reached by the New York Central, West Shore and Lehigh Valley railways in six hours from New York city, three hours from Rochester by the New York Central, four hours from Albany and Buffalo by the New York Central, and from Syracuse in one hour by the New York Central and electric railway; the latter running every half hour during the summer months and every hour during the winter, stopping directly in front of the house. Skaneateles is noted for its beautiful lake, from which it takes its name. The number of patients is limited, as the object is to have a quiet, restful home for nervous persons who are worn and fatigued by the noise and tumult of a large city. The patients have skilled medical treatment and are provided with trained attendants; every care is taken for the comfort and benefit of the invalid. Address all communications to DR. SUSAN J. TABER, The Pines, Skaneateles, New York.

GLENMARY

Established 1889
Incorporated 1897

The management of Glenmary desire to announce that this venerable home for the mildly insane, the weary, the nervous, cases of epilepsy and addiction, furnishes everything for the care and treatment of its guests and patients that physicians of long experience, trained nurses and the most approved methods can offer. Especial attention is given to a beneficial classification in its six buildings, located in a ten acre park. The Oppenheimer Treatment is employed when desired.

DR. HALL'S PRIVATE SANITARIUM

7526 Ellis Avenue
CHICAGO, ILLINOIS

DR. AMOS C. HALL, Medical Director

For the Treatment of Alcoholic, Drug, Cocaine and Morphine Habits

ESTABLISHED 1891.

Seventeen years experience in the treatment of Liquor and Drug Habit cases, during which time over six thousand patients have been cured.

The treatment is a tonic, and acts on the general system, giving renewed strength to mind and body.

It relieves the patient at once, and cures in a few days, giving no pain or discomfort by the use of the medicine. Persons who cannot visit the Sanitarium, may be treated successfully for the liquor habit by correspondence.

The Molkery Sanitarium

THE SANITARIUM,
EDISON PARK, ILL.
Tel. { Edison Park or Park Ridge } 373

The Edison Park Sanitarium is newly equipped and furnished to supply the demand for a Private Hospital easily accessible to the residents of Chicago and vicinity.

All classes of Nervous, Chronic and Difficult Cases are treated. Especially Locomotor Ataxia, Neurasthenia, Rheumatic Gout, Drug Addictions and Alcoholism. No infectious or contagious cases received.

Edison Park adjoins Chicago, and is on the Wisconsin Division of the Chicago & North Western Ry. with splendid suburban service, only 30 minutes ride from the Court House in Chicago.

Patients brought by physicians, are considered as their patients, and may be treated personally by them.

S. A. Woodworth, M. D., Resident Physician. - - S. J. Christley, General Manager.

EDISON PARK, ILL.

MARINE CITY MINERAL BATH HOUSE, R. B. BAIRD, M. D., Proprietor, Marine City, Mich.

TO the person in quest of pleasure, recreation, health or rest, let us call your attention to one of the most beautiful little cities in Michigan. Nature has given Marine City every advantage—situated on the beautiful St. Clair River, where the greatest commerce of the world passes its doors, and enjoying the cool and health giving breezes from Lake Huron. It is an ideal resting place, and since the Marine City Mineral Bath House has utilized its wonderful mineral springs, it affords the invalid suffering from rheumatism, blood, skin or kidney diseases, an almost unfailing cure, and brings renewed strength and youth to the worn business man or tired society woman.

It is provided with every known convenience, having spacious offices and reading rooms, resting and private cooling rooms and the most perfectly equipped bathrooms. The second story is divided into pleasant apartments for the use of guests who may find it convenient or necessary to remain in the building.

Scott's Emulsion is more food than medicine. Its greatest good is accomplished through nourishment.

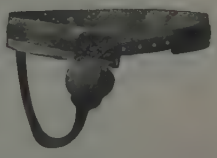
THE

ALL-LEATHER TRUSS.



PATENT APPLIED FOR

Made entirely of leather. No webbing, rubber or springs. Can be worn night and day. The inner belt is of soft folded leather, thus preventing the usual cutting effect. Does not chafe or become slippery from perspiration, but conforms to the body. Pad nearly flat and is filled with an antiseptic fibre. Is capable of more changes and adjustments than any truss made. Reversible for right or left side.

We also manufacture all classes of Elastic Goods, Stockings, Abdominal Supports, Suspensories, Etc.

Every article made to measure, fit and satisfaction guaranteed.

SPECIAL DISCOUNTS TO PHYSICIANS.

ALL-LEATHER TRUSS COMPANY, - GREELEY, COLORADO, U. S. A.

JUST THE THING FOR PHYSICIANS.

Neverslip Calks

Neverslip Calks are steel-centered, self-sharpening calks which can be easily inserted or removed from the shoe on the horse's hoof and keep him "always ready" and safe from falls in slippery weather. They save your horses and save your money. If you're not using them, give them a trial this fall and winter. Your shoer will sell you a set or we will send you a descriptive pamphlet on application.

Neverslip Manufacturing Co., New Brunswick, N. J.

ADDRESS

Red Star Sanitary Company, Ltd.

Dubois and Guoin Sts. :-: -:- DETROIT, MICH.

TO SUPERINTENDENTS OF HOSPITALS AND PHYSICIANS.

STERILIZED HOSPITAL ABSORBENT GAUZE and COTTON

All of OUR Absorbent Cotton is IN LAYERS, rolled in tissue. Our long experience in the manufacture of Absorbent Cotton leads us to say that we are producing a line of goods superior to any Absorbent Cotton in the market.

THE ABSORBENT GAUZE

is noted for its soft, silky feeling, and being entirely free from all sizing, is particularly adapted for surgical dressings and sterilized sponges. Our gauze is used by Hospitals all over the United States and Canada.

We are introducing a new specialty for Hospitals: **Untrimmed Absorbent Gauze Bandages, all widths, either by the yard or pound.**

Do not place your order for any of these goods without first getting our prices.

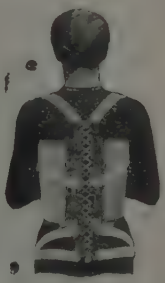
PHYSICIANS

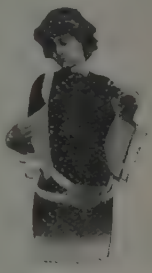
A Perfect Appliance for the Cure of

SPINAL CURVATURE

AND IRRITABLE SPINE.



It gives an even, continuous, perfect support to a weak or deformed spine; average weight only 16 ounces; is cool, comfortable, durable, pliable and capable of easy, accurate adjustment. The pressure is so evenly distributed, that all irritation or soreness is prevented. No inconvenience is experienced in wearing, and it is not noticeable under the clothing. The muscles are allowed free action and never become atrophied by disuse. It is designed for the use of men, women and children. Its elasticity and ease of adjustment permit full growth and development. It is endorsed by eminent medical authorities. You can safely recommend it to your patients.



Each appliance is made in Exact Compliance With Individual Measurements.

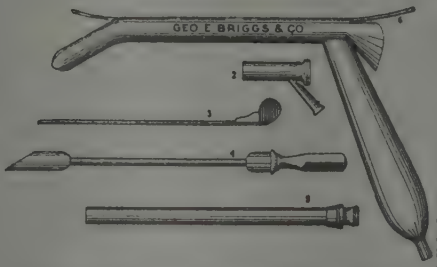
The Improved Kelly Female Cystoscope



This is the latest design approved by Dr. Howard Kelly. As shown it is a combination instrument, and used with air or water dilatation. Gives direct vision and the largest field of vision of any Double Catheterizing Cystoscope. Has Achromatic Lens and Cold Light Attachment. Its catheterizing feature is simple and efficient, permitting easily the ejectment of each catheter from the instrument before removing instrument from the bladder, insuring a successful operation and preventing withdrawal of catheters when instrument is removed. This instrument is furnished in three different styles and combinations. Send for our special circular. We make a specialty of everything Electrical in the line of instruments or apparatus used by the medical profession. Our goods are not surpassed by any. We invite correspondence of Specialists and the Profession generally.

There Are Many Chairs, but

Patterson Mineral Spring

The **Patterson Spring** water can be depended upon, and all suffering from Kidney and Liver complaints, Rheumatism, Diabetes, Heartburn, Dyspepsia, Sour Stomach, Sick Headache, Malaria and the Weaknesses of Women should give this natural remedy a thorough trial.

It is a pleasant cathartic when used before breakfast, and an alterative during the day. Cures Rheumatism and clears the complexion.

The "Lithia" in the **Patterson Spring** has the additional advantage, with its combination of Soda and Lime.

The Bicarbonate of Manganese, which as a tonic, especially for women, has an admitted value.

J. W. Harwell.

CANCERS and TUMORS

Fred Andersen.

For over 28 years Dr. J. W. Harwell has treated successfully in San Antonio hundreds of cases of Cancers and Tumors from Texas and adjoining States.

Over eighty per cent of the Cancers and Tumors treated healed readily, and no recurrence.

We use no knife or X-ray. We compound our own remedies, which are used by us only. No loss of blood by our treatment. Highest percentage of cures according to Cancer statistics. References and testimonials furnished.

Physicians and surgeons do well to correspond with us before recommending their Cancer and Tumor patients to go elsewhere.

DRS. HARWELL & ANDERSEN, Room 7, Reuter Building, Alamo Plaza, San Antonio, Texas.

H. L. McElroy, Kansas City, Mo. KANSAS CITY, MO., March 10, 1894.

Dear Sir:—I have made a complete qualitative and quantitative analysis of the Jackson Lithia Spring Water submitted by you and find each U. S. gallon of 231 cubic inches to contain—

This water combines the alkaline reaction of the Sodium and the Lithium Salts with the aperient qualities of the Free Carbonic Acid Gas and other constituents. It is mildly laxative and diuretic. Its alkalinity renders it valuable in disorders of the digestive tract, and in combination with the Lithium becomes a solvent for Uric Acid; and, therefore, is useful in Urinary Calculi, many kidney disorders, and most all diseases of the bladder.

Yours truly, CLAUDE C. HAMILTON,
Analytic Chemist, University Medical College.

Grains to U. S. Gallon.	
Sodium Sulphate	.856
Potassium Nitrate	.350
Sodium Chloride	.594
Sodium Carbonate	3.099
Lithium Carbonate	.725
Magnesium Sulphate	5.450
Calcium Carbonate	3.338
Magnesium Carbonate	1.295
Silica	1.035
Fixed residue	17.322
Free Carbonic Acid Gas	24.100
(51 cubic inches)	
Total mineral matter	41.422

Prescribed and Endorsed by all the leading Physicians of Kansas City.

It is pronounced by many physicians to be equal, if not superior, to any in America for Kidney, Bladder and all urinary derangements, for Rheumatism, Gout, Dropsy and all diseases caused by excess of uric acid. It is excellent for Bright's disease, Diabetes, Gravel, Dyspepsia and Indigestion. Being an aperient, it is useful in fevers. Mildly laxative and diuretic. Excellent for women during pregnancy and after childbirth. Besides the great medical properties of this water, it is most delightful for table use. In order that it may be in reach of everyone, we place it upon the market at the exceedingly low price of $3.00, for 10 gallons, in a galvanized iron can, with faucet. If the can and faucet are returned to us in good condition within sixty days after purchase, we will give $1.50 for them, making the 10 gallons of Lithia Water cost only $1.50. 1 doz. half gal. bottles $4.00. For prices of water in other quantities and of carbonated goods, address **JACKSON LITHIA SPRING WATER CO.**, 11 East Missouri Ave., Kansas City, Mo. (Either Phone 2190.) A liberal discount to the trade.

CANCERS

and cancerous diseases successfully treated without operation by knife. My treatment consists of local applications and is not composed of arsenic nor anything that would cause blood poison. I acquired my knowledge and experience under the scientific guidance of the most successful cancer specialist of the south, **J. W. Harwell, of San Antonio, Texas,** whose marvelous cures have attracted the attention of the medical profession and is highly indorsed by many of them, and also the leading citizens of the country. I have many testimonials from parties treated; also from leading business men and physicians. Physicians and the public generally are invited to visit my office and investigate my treatment. Physicians and ministers of the gospel are treated without charge.

THE CORWIN SANATARIUM

The central idea of this Sanatorium is the comforts and freedom of a home and the conveniences of an institution having facilities for aseptic surgical work, as well as the therapeutic resources of massage. Invigorating and Eliminative Baths, including the superheated hot air baths.

Special attention is given to the dietetic value of foods and the art of preparing them.

Physicians entrusting their patients to our care are assured of the strictest professional courtesy.

Binghamton has a reputation second to none for attractiveness and municipal improvements.

The city is reached by the Erie, Lackawanna, Syracuse, Utica and Albany railroads and is six hours' ride from New York City.

The expenses are regulated by the needs of the patient with special rates for clergymen, physicians and convalescents. Correspondence invited.

Clay's Wonderful Hair Shader

Will restore gray hair to its natural color, is absolutely *free* from any *poisonous* ingredients, and gives the hair a natural color, either shade, light or dark as desired. Ladies will find this a most satisfactory article for gray hair, and gentlemen for touching up their beard or mustache to any shade desired.

THE CHICACO MEDICATOR will give speedy relief and positively cure, when used according to directions, in Catarrh, Hay Fever, Neuralgia, La Grippe, Headache, Pneumonia, Asthma, Bronchitis, Sore Throat, Colds and Catarrhal Deafness. A highly medicated air is forced directly to the seat of the disease. It is endorsed by physicians. ¶ Use **CLAY'S EU-CA-LYP-TUS TOILET SOAP** for the Complexion, Skin Diseases, Brown Spots, Freckles, Sunburn and Tan. For Shampooing, Bath, Nursery, Scalp Diseases, etc. ¶ Use **CLAY'S COUGH DROPS**, for they are the best for Coughs, Colds and Indigestion.

HAIR INSURANCE

I am the Only One Who Insures Beautiful Hair.

REMEMBER--No two Scalps require the same Treatment.

After many years of hard study and spending large sums of money, I have found the true cause of scalp infection. By my individual treatment I insure your hair against falling out, promote its growth, removing dandruff and scalp diseases, growing hair on bald heads making hair healthy and beautiful.

Write to-day, sending fresh combings, and I will examine them microscopically **free**, telling you what treatment you need, etc. Enclose 4c in pennies or stamps for my booklet A, "How to Care for the Hair and Scalp."

Beware of cure-alls for the hair. Write to-day.

GALL STONE SPECIALIST

No Surgery needed, yet Safe, Simple and Sure. I have no record of a case that has had a return of the trouble.

Scores of original testimonials speak in strongest terms. Any claim I make can be verified by proof that would be considered conclusive in any other matter.

J. A. WINFREY, M. D.

Scott's Emulsion contains the best Norwegian non-freezing cod liver oil, C. P. glycerine, and hypophosphites of lime and soda; the strongest combination in the world for fighting wasting diseases.

WE MAKE BOTH FEET LOOK ALIKE.

The Improved M. L. Extension Shoe

For people with a **Shortened Limb,** it is the neatest, lightest and most serviceable extension manufactured. **It is a Complete Shoe Within a Shoe, can be worn in any ready-made shoe and guaranteed to make both feet look alike.** Wearing the M. L. Extension places the Limb in a more natural position, thereby strengthening same. We also make lasts and shoes for deformed, paralyzed or tender feet--in fact anything in the line of special shoes. Send for illustrated catalogue and rules for self measurement.

B. C. DOWNING, M. D.

855 Royleton Street, BOSTON

Consulting Physician for Development of Backward or Feeble Minded Children.

Having spent over ten years in active work among mentally defective children in Elwyn, Pa., as one of the officers of that institution, under the late Dr. Isaac N. Kerlin, then at the New Jersey School for such, at Vineland—first as teacher, then as superintendent of the school department—I see the work for such children in a different light than simply from a medical point of view, and am encouraged by some of Harvard's best medical men to make a specialty of it, advising parents and guardians as to the best means, educational, medical and surgical, of developing such children.

Yours, BERTHA C. DOWNING, M.D.

DOCTOR! **THIS IS WORTH KNOWING**

THE J. C. SCHNOTER SUSPENSORY BANDAGES.—It is a well-known fact that many suspensory bandages on the market are not manufactured on hygienic or correct surgical principles at all. They lack shape, and therefore are useless as a support. Some are made of cheap colored material, causing as a result eczematous scrotal eruption. Some are made, on the other hand, of so thin a material that, after being worn for a day or two, stretch to such an extent as to be perfectly valueless. There is a firm in New York, however, who have for many years made a suspensory bandage WHICH IS A BANDAGE, and which has secured for the firm the endorsement of the medical profession. The house referred to is J. C. SCHNOTER CO., of 523 Sixth avenue, New York City. This Company builds every appliance on true and correct surgical principles, so that it is little wonder that they have attained to the position of confidence already reached."—Canadian Journal of Medicine and Surgery, September 1899.—Ask your druggist for the "GENUINE SCHNOTER'S SUSPENSORY BANDAGES." (Look for our trade mark, J. C. S.) If he has not our make in stock, and refuses to get it for you, send direct to us and we will mail to you in plain wrapper, on receipt of price. The University Sanitarium

DR. O. A. PALMER, Supt., Cleveland, Ohio, 773 Republic Street, is delightfully located in the most pleasant residence portion of the city of Cleveland, and is fully equipped for the treatment of all medical and surgical cases. All forms of baths, electricity and massage are employed. All special cases are received, including digestive organ affections and diseases of women. All nervous diseases and early stages of insanity are treated by successful methods. Pelvic and abdominal surgical cases receive the most careful and up-to-date attention. Rectal diseases are treated by a nearly painless method, preventing many of the accidents and much of the suffering that belong to the old treatment. By this method all surgical work on the rectum is attended with but little pain and gives very satisfactory results. Spring water of excellence and purity. Terms reasonable. For prospectus, address

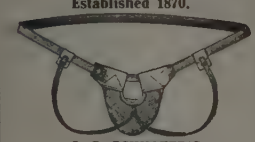
J. C. SCHNOTER'S KNITTED SUSPENSORIES

Established 1870.



J. C. SCHNOTER'S
Army and Navy Suspensory.

Are the only perfect ones on the market. The pouch being seamless, is elastic, easily adjusted, making a delightful support; perfectly constructed for comfort and recreation. A permanent relief for Varicocele (Cirsocele), Hydrocele, etc. The only Hygienic Suspensories that have the full indorsement of Physicians and Surgeons. Nothing but the best and purest of materials are used in their construction. These bandages have stood the test of the entire world since 1870, and still lead as the best, despite the many worthless imitations that have sprung up since. Little was known of any other make at that time. Ask your druggist for the **"GENUINE SCHNOTER'S SUSPENSORY BANDAGES."** (Look for our trade-mark, J.C.S.) If he has not our make in stock, and refuses to get it for you, send direct to us and we will mail to you in plain wrapper, on receipt of price. Plain style, COTTON, 30c. and 40c.; LINEN, 50c.; SILK, 50c., 60c. and 75c.; A. & N. Style, no elastic, 30c.; Army and Navy Style, with elastic belt and straps, Cotton, 65c.; Linen, 75c.; Best Silk, $1.00. Guaranteed and manufactured solely by the

TEXAS TO THE FRONT

Is Coming So Fast You Can Hear It.

No other section of the country offers such inducements to the Home-Seeker, the Health or Pleasure-Seeker, or the Capitalist.

A MILD CLIMATE, FERTILE LANDS (and Cheap) and BUSY, GROWING CITIES.

I. & G. N., "The Texas Railroad" with more than 1,000 miles of track, traverses the most favored sections of the State. Operates Through Cars from St. Louis, Memphis, etc., in connection with Iron Mountain Route.

We shall be pleased to answer inquiries. Send 2c stamp for the Texas "Red Book" containing interesting facts.

Texas Carlsbad Wells Nos. 1 and 2

Especially good for Kidney and Bladder Troubles, Circulation and Nervous Troubles such as Neurasthenia and Paralysis.

No. 4, the analysis of which is herewith published, represents a saline laxative water. A number of best Physicians use these waters with the best success in Rheumatism, Stomach troubles, Bright's Disease and Diabetes, Female and Nervous Troubles. As one of our best Physicians remarked today to a patient in telling him how to drink the water, that if properly used it would do more good than all other medicines.

ANALYSIS of Pal-Pinto Crystal Wells Natural Water by Seth M. Morris, M. D., Professor of Chemistry of Texas State University:

THE SPECIFIC WELL -:- NATURAL MINERAL WATER

MINERAL WELLS, TEXAS.

A gentle laxative, alkaline reaction, Uric Acid solvent, nerve sedative and a powerful diuretic and eliminant.

An efficient remedy for the stomach, bowels, kidneys, bladder, or rheumatic troubles, and prevents the formation of stone.

In select cases, it is a valuable aid to digestion during meals. We are prepared to take care of a limited number of patients who desire to come here to drink the water. We will donate one case of water, six gallons, to any physician, who will pay $1.50 for the shipping case and bottles, and agree to give the water a fair test in his practice.

DEAR DOCTOR:—

Are you interested in the care and treatment of your horse when sick or disabled?

OUR HUMANE OPERATING TABLE, with its various devices and appliances, is the result of years of thought and experience, meeting every requirement satisfactorily in the humane treatment of horses.

The ease with which a horse may be operated upon in the simplest and most practical way by the use of this table places it far ahead of anything of its kind now on the market for the treatment of horses.

By means of this table Anæsthetics may be administered with perfect ease.

Please call the attention of your veterinarian to this table and have him write for particulars.

This table is sold, or rented to responsible parties at reasonable rates. For further particulars address

THE BRADWOOD MFG. CO.,

"COUFFIELD"

CARD SYSTEMS FOR PHYSICIANS

CASE RECORDS.--A system that will enable the busy physician to refer to cases similar to those in hand. Records all the information concerning each patient, including treatment and prescription. Arranged clinically and alphabetically. Very popular with the medical profession.

ACCOUNTS.--Physicians are not bookkeepers. They have not the time or inclination for keeping a full set of books. Our card system obviates all unnecessary labor, and almost operates itself when once started.

OBSTETRICAL RECORDS.--This very important information is recorded to the best possible advantage, and can be referred to instantly.

Send for sample cards, prices, full information and name of local dealer who can supply you.
